 Board of Supervisors
 County of Santa Cruz
 701 Ocean Street
 Santa Cruz, CA 95060
SUBJECT: SEWER PROJECT FOR THE GREATER PASATIEMPO AREA

Members of the Board:

On January 28, 1998, your Board considered a brief report on efforts to develop a sewer project in the Greater Pasatiempo area. At that time your Board directed that a follow up report on this matter be provided on June 9, 1998. Consideration of alternative proposals to accomplish the desired project is still continuing and is not expected to be resolved for another three months. These approaches, if viable, could provide for a more cost-effective project.

It is therefore **RECOMMENDED** that your Board defer further action on a sewer project for the Greater Pasatiempo area, and direct the Health Services Agency Administrator and Public Works Director to provide a follow up report on this matter on or before September 22, 1998.

Sincerely,

 Charles Moody
 Health Services Agency Administrator

 Diane L. Evans, R.E.H.S.
 Environmental Health Director
