To Whom It May Concern,

I appreciate the opportunity to be considered for an appointment to the Fish and Game Advisory Committee. I have been interested in the outdoors since a very early age. My parents were avid outdoors people and our family enjoyed fishing, camping and hunting. Our weekends were often spent in the Sierras, Sunset Beach, or other nearby recreational facilities.

I began hunting with my father at age 15. My parents taught me to appreciate what nature had to offer and never take more than our family could use. I grew to love the outdoors and worked as a Park Ranger for several years as I went through college. The park work gave me the time to learn and pass on what I knew about nature to others who visited.

Today, I continue to hunt, and learn about the outdoors and the fragile environment that support the wildlife that live there. I support the efforts of Ducks Unlimited and serve as the chairperson of the Watsonville chapter. Teaching my two children about the outdoors is my next endeavor. Passing on the tradition and leaving something for my children to enjoy is very important.

Our county is filled with many species of wildlife and important decisions about their survival must be made. My background in park management and law enforcement is useful in viewing the issues from multiple perspectives. I will be able to review the law, evaluate the environmental effects, and consider their relationship to the wildlife involved, to make sound decisions based on all the facts.
