REQUEST TO ADVERTISE SANTA CRUZ VALENCIA HALL DRAINAGE, 97C1-022

Dear Members of the Board:

Plans and specifications to install underground drainage at Valencia Hall have been prepared by the Architectural Resources Group/Bowman and Williams, and the Parks, Open Space and Cultural Services Department. These items and associated documents related to the drainage project must be approved by your Board prior to solicitation of written proposals. Funds are available in Budget Index 194015, Subobject 6610. The cost of the project is estimated at \$44,000.

It is therefore recommended that your Board take the following actions:

1. Approve plans and specifications on file with the Clerk of the Board for the Valencia Hall Drainage Project, 97C1-022; and
2. Direct the General Services Department to advertise for bids; and
3. Set the bid opening for 10:45 a.m on August 4, 1998.

Very truly yours,
Roy Holmberg
