BY _____

August 13, 1998

SANTA CRUZ COUNTY BOARD OF SUPERVISORS
701 Ocean Street
Santa Cruz, California 95060

SUBJECT: TROUT GULCH ROAD STORM DAMAGE REPAIR, (SIXTEEN SITES)
PMs 1.10, 1.13, 1.16, 1.18, 1.25, 1.30, 1.32, 1.42, 1.46, 1.75, 1.77,
1.83, 1.85, 2.40, 2.97, AND 3.10

Members of the Board:

The plans, specifications, and engineer's estimate for the subject project are now complete and presented here for your consideration and approval. The work will provide for the accumulative storm damage repair of sixteen locations along Trout Gulch Road. All sites are damages from storms as far back as 1995. The proposed repair of the road damages will include the installation of several storm drains and culvert crossings. Minor ditch cleaning along the road in the area of each storm damage site will also be provided to mitigate surface drainage difficulties during future winter storms.

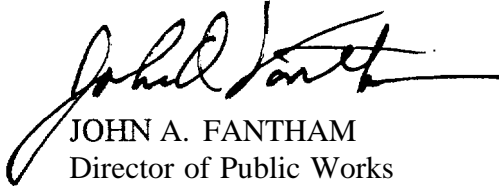

The engineer's estimate for this work is \$613,000.00 including contingencies. Sufficient funding for the project has been made available by the approved 1998/99 Road Program (DSR and Operational Maintenance funds).

It is therefore recommended that the Board of Supervisors take the following action:

1. Approve the plans, specifications, and engineer's estimate and authorize calling for bids.
2. Set the bid opening for 10:45 A.M. on September 15, 1998.

3. Direct the Clerk of the Board to advertise a Notice to Contractors for a ten-day period beginning August 22, 1998, in accordance with the provisions of Public Contract Code Section 20392.

Yours truly,

JOHN A. FANTHAM
Director of Public Works
