Re: **Santacruz County Job Training Task Force**
Date: **August 21, 1998**

I am interesting in sewing on the Santa Cruz County Job Training Task Force since I have been actively involved in both education and job training over many years. As a school principal I was active in looking at the educational opportunities for students and how this related to their future careers. As Director of the Santa Cruz County Regional Occupational Program, I provided leadership to better integrate ROP within the job training community.

I look forward to the opportunity to serve in this capacity at the suggestion of Dr. Diane Siri, the County Superintendent of Schools.
