Members of the Board:

On December 16, 1997, your Board reviewed proposed changes to the geologic hazards regulations, including changes mandated by FEMA, and directed Planning staff to prepare specific amendments to these regulations. On September 23, 1998, the Planning Commission held a public hearing and recommended that the proposed revisions be adopted.

It is, therefore, RECOMMENDED that your Board schedule a public hearing for the morning agenda of October 27, 1998, to consider the amendments to the County Code and General Plan/LCP regarding geologic hazards regulations.
