Statement of Qualifications

I have served on the SCCHO Board since it's inception and am therefore knowledgeable about our County's needs and particular health care requirements.

Being a Senior, I am **expecially** familiar with the needs of this growing sement of our citizenry.

My working years were in the field of health care administration. I worked for over 25 years in the Los Angeles County Department of Health Services.

During that peiod I served as administrator of several L.A. County hospitals and when I retired, was a Deputy Director, of the department.

I would like to serve on the new Santa Cruz County - Monterey County Commission because of my continuing interest in the health care field and desire to help improve the health status of a large segment of our population. This community has given a great deal to me and my wife and I feel that by serving on this new Commission I can pay something back.
