SUBJECT: FLATCAR BRIDGE PURCHASE

Members of the Board:

Public Works currently owns two temporary bridges. These hridges are converted railroad flatcars that have the wheels and suspension removed.

During the El Niño storms of last winter, our second and last bridge was placed on China Grade. At that time, we began trying to locate another bridge to have available for future storms. We have been on a waiting list since that time.

Flatcar bridges of the type we need (85 feet long) are in short supply. We were contacted on January 4, 1999, by a supplier and asked if we wanted a bridge that had just become available. In order to secure the purchase of the bridge, we obtained an emergency purchase order in the amount of \$16,000 to cover purchase and delivery of the bridge.

Sufficient funds are available for this purchase in our equipment replacement reserve fund balance and in other equipment and structures 1998/99 budget savings.

It is therefore recommended that the Board of Supervisors take the following action:

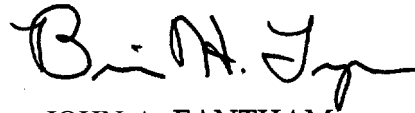

1. Approve the purchase of a flatcar bridge in the amount of \$16,000.

2. Approve the use of \$10,000 of equipment replacement reserve fund balance, \$3,000 from Felton Yard Improvements and \$3,000 from other equipment 1998/99 budget savings.
