**SUBJECT: DEFERRAL OF REPORT BACK ON IMPLEMENTATION OF
SERVICES FOR ADOLESCENT DRUG USERS**

Dear Members of the Board:

Background:

On December 8th, HSA along with Probation and HRA recommended to your Board several actions to address the needs of adolescents with drug abuse problems for the current fiscal year. These recommendations were the product of a joint task force created to study this issue. Your Board directed the task force to continue its work and develop budget recommendations for fiscal year 1999-2000. Work on these recommendations are continuing and the task force expects to deliver a report to your Board on February 13, 1999. The delay, in part, will allow conclusion of discussions with the County Administrative Office on potential budget impacts for the coming fiscal year.

Recommendation:

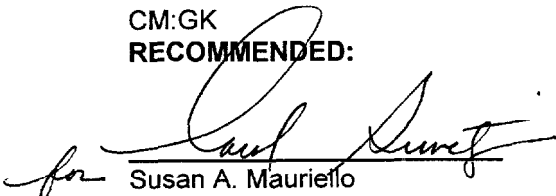

It is, therefore, RECOMMENDED that your Board take the following actions:

1. Accept and file this report and direct the task force to continue its work and report back on February 23, 1999, with budget recommendations for fiscal year 1999-2000.

Sincerely,

Charles M. Moody
Health Services Administrator
