Santa Cruz, California 95060

SUBJECT: LIVE OAK PARKING PROGRAM

Members of the Board:

The Live Oak Parking Program (LOPP) completed its eighteenth summer of operation on September 7, 1998. The 1998 program activity is detailed in Attachment 1. It is recommended that the County continue with a 1999 Parking Program essentially the same as the 1998 program. This year's term would run from May 1 through September 6, 1999, during the hours of 11:00 a.m. to 5:00 p.m. on Saturdays, Sundays, and holidays. Zone boundaries are shown on the attached map (Attachment 2), and are designated on the Resolution Establishing the Live Oak Permit Parking Zone for 1999. The cost for permits and zone boundaries will remain unchanged from 1998.

Staff consists of a Program Manager and the temporary positions of a clerk and five enforcement officers. The approved budget including the citation revenue collection service contract for 1998/99 is \$142,000. Costs for the final three months of the 1999 program will be included in the 1999/2000 fiscal year budget request which will be considered by your Board in June 1999.

County Code relating to the Live Oak Parking Program prescribes that the parking zone, fees and term of the program are all set by resolution. These resolutions are attached for your Board's action.

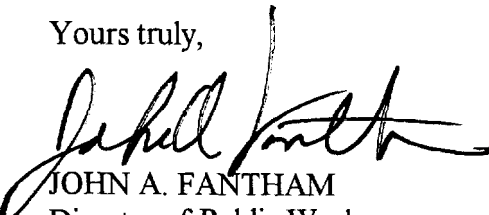

It is therefore recommended that the Board of Supervisors take the following action:

1. Approve the attached 1998 Live Oak Parking Program Report and Recommendations.

27
27

2. Direct the Public Works Department to initiate the 1999 Live Oak Parking Program.
3. Adopt the three attached Resolutions establishing the fees, the permit parking zone, and the period of restricted parking in the Live Oak beach area to implement the 1999 Live Oak Parking Program.

Yours truly,

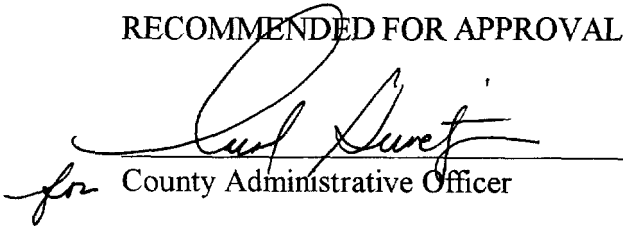

JOHN A. FANTHAM
Director of Public Works

1998 LIVE OAK PARKING PROGRAM
Summary Report

The 1998 Live Oak Parking Program again met the goals of reducing traffic congestion in beach neighborhoods and in conducting its activities solely with funds generated by program revenues. This was the eighteenth year of permit operations.

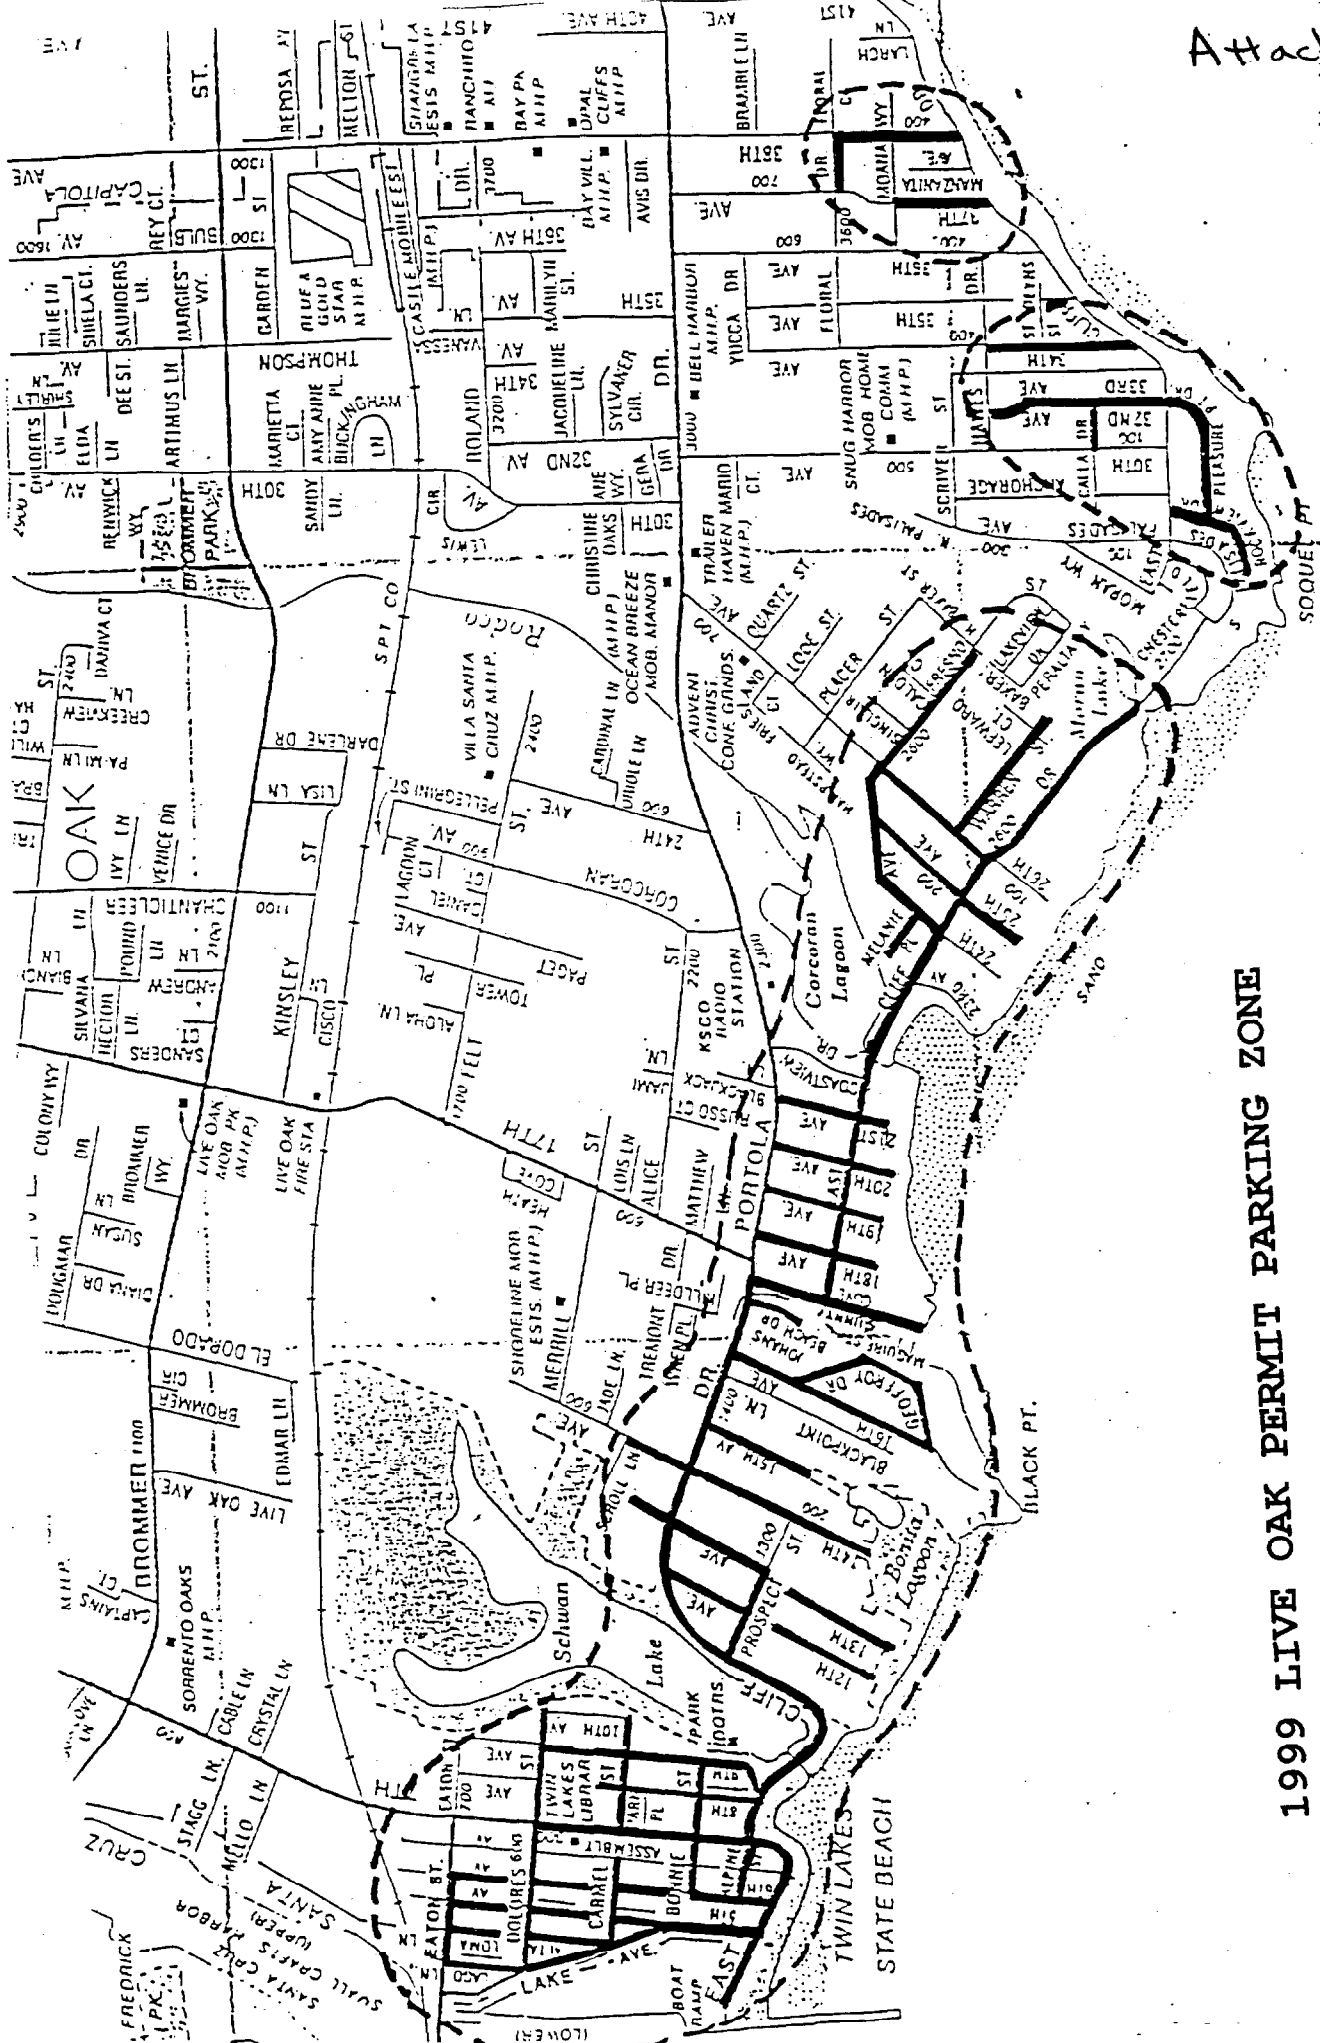

The boundaries of the 1998 program remained the same as the 1997 program

Term: The 1998 Program began May 2, 1998, and ended September 7, 1998. The recommended term for 1999 is from May 1, 1999, through September 6, 1999, (Labor Day).

Revenue: Citation revenue for the 1997-98 fiscal year was \$124,436. Permit revenue from May to September 1998 totaled \$51,220 (\$48,642 in 1997). The breakdown is: 4762 Day Permits (1997: 4523), 837 Annual Visitor Permits (1997: 800); 1271 Guest Permits (1997: 1241); and 372 Annual Resident Permits (1997: 314). There was no change in price for permits in 1998 from those of 1997. It is recommended that the cost for permits remain unchanged in 1999 from those of 1998.

Staff: For 1999 it is recommended that staff count remain the same as in 1998. The 1998 staff consisted of a full time Program Manager, five temporary Enforcement Officers and one clerical position, which is normally phased out in August when most of the permit application processing is completed.

Cost of Program: The program cost for fiscal year 1997-98 was \$105,201 which included the salaries of all staff members, citation maintenance contractor, printing materials for the following season, installing and removing of all LOPP sign posts, vehicle maintenance, and miscellaneous program purchases.
