REQUEST TO ADVERTISE MAIN JAIL SECURITY' SYSTEM UPGRADE, 98C1-020

Dear Members of the Board:

On May 22, 1998, the County was awarded a grant from the State Board of Corrections under the Federal Violent Offenders Incarceration Grant Program. These grant funds were designated specifically for the purposes of reconfiguring and upgrading the Water Street Main Jail security control modules. The project will result in hardening of the facility's security system in accordance with the grant award criteria as well as maximizing the safety of staff and inmates in the facility.

Plans and specifications to provide for the Main Jail Security System Upgrade have been prepared by On Line Electric. The items and associated documents related to the project must be approved by your Board prior to solicitation of written proposals. Funds for this project are available in budget index 191120, sub-object 6610. The cost of the project's base bid is estimated at \$945,000.

It is therefore **RECOMMENDED** that your Board take the following actions:

1. Approve plans and specifications on file with the Clerk of the Board for Main Jail Security System Upgrade, 98C1-020; and
2. Direct the General Services Department to advertise for bids; and
3. Set the bid opening for 10:45 a.m. on March 9, 1999.

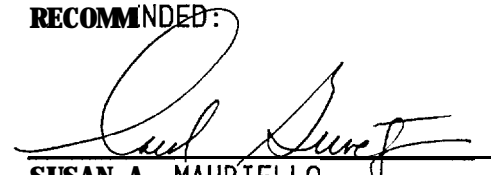

Very truly yours,

Roy K. Holmberg
