STATUS REPORT ON CNG REFUELING FACILITY

Dear Members of the Board:

On February 2, 1999 your Board accepted a status report on the compressed natural gas (CNG) projects of the Natural Gas Fueling Coalition and called for a further update on or before April 20, 1999.

Both of the facilities sited and constructed by the Coalition are now complete and dispensing fuel. The final activity by the group, signing of operation and ownership contracts previously authorized by your Board, is expected to be completed by the representatives of membership agencies at the next business meeting.

It is therefore RECOMMENDED that your Board:

1. Accept and file this status report on the Natural Gas Fueling Coalition projects; and
2. Direct the General Services Department to return with a final report on the natural gas facility projects on or before the meeting of June 15, 1999.

Sincerely,

ROY HOLMBERG
General Services Director
