1999/2000 Fire Protection Assessment - CSA 4 & CSA 48

Dear Members of the Board:

Santa Cruz County Code Section 4.26 requires that the Board of Supervisors take certain annual actions related to County Service Area rates. As part of these annual proceedings your Board must set a public hearing to consider objections or protests on the rates and at the conclusion of the hearing approve a 1999/2000 rate report.

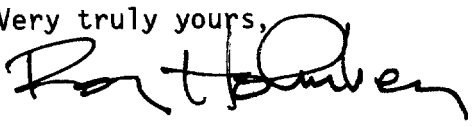

The assessments for fire protection services were approved in June 1997 by a majority vote of the property owners for fiscal year 97/98 and ongoing and included a provision for future increases based on the CPI.

The proposed increased rate for CSA 48 (County Fire) will be \$45.63 per fire flow unit. The rate for CSA 4 (Pajaro Dunes Fire) will remain at the 98/99 rate of \$134.93 per fire flow unit. The engineer's report defining the number of fire flow units assigned to each property is on file with the Clerk of the Board for public review. Reports containing the Assessor's parcel number, the owners name and the amount of the benefit assessment/service charge will be available for public review two weeks prior to the proposed June 22, 1999 public hearing. As in prior years this rate report must be approved by your Board and forwarded to the Auditor-Controller by August 10, 1999.
