REPORT BACK ON OFFICE LEASE FOR PLANNING DEPARTMENT AND SHERIFF'S OFFICE

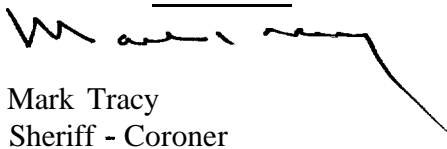

Members of the Board:

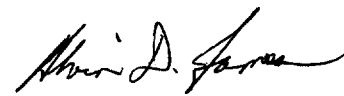

On May 4, 1999, your Board authorized staff to negotiate a lease for office space to provide for the relocation of the Planning Department's Felton Permit Center and the Sheriff's San Lorenzo Valley Service Center to new facilities. Our departments were scheduled to report on today's agenda with recommendations for completion of the lease along with other related actions.

Although negotiations are proceeding, additional time is required to complete details of the lease language and to finalize specifications and financing for tenant improvements.

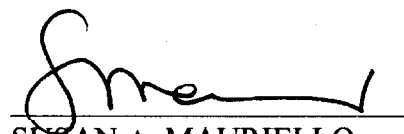

It is therefore **RECOMMENDED** that the report on this matter be deferred one week to your meeting of June 15, 1999.

Sincerely,

Mark Tracy
Sheriff - Coroner

Alvin D. James, AICP
Planning Director
