### Main Jail Security Upgrade Project (417105) Phase 2: Design and Engineering Services

Dear Members of the Board:

During budget hearings, your Board directed staff to return today with a contract for design services related to the second phase of the Main Jail Security Upgrade Project (Q17105). Further work is necessary to complete the contract document for presentation to your Board. At this time, we anticipate being able to present the contract for design services at your August 10th meeting in conjunction with further actions required by the Board of Corrections.

It is therefore recommended that your Board defer consideration on a contract for design services related to the second phase of the Main Jail Security Upgrade Project (Q17105) to August 10, 1999.

Very truly yours,

*Roy Holmberg*
