BOARD OF SUPERVISORS
County of Santa Cruz
701 Ocean Street
Santa Cruz, CA 95060

Agenda: September 21, 1999

RE: **Purchase of Electronic Fingerprinting Capture Station
for the Sheriff's Office**

Dear Members of the Board:

As your Board is aware, the Remote Access Network (RAN) Committee is a **State-**authorized advisory committee, responsible for making recommendations regarding the acquisition of automated fingerprint identification equipment utilizing funds collected by the State Department of Motor Vehicles (**DMV**). DMV collects \$1 from each vehicle registration fee and forwards these funds to the County's Automated Fingerprint Identification Trust Fund. This amount is estimated to be \$200,000 annually, for five years.

The RAN Committee met on April 30, 1999. At this meeting, the Sheriffs Office requested RAN funds be used to purchase an Identix Live Scan electronic fingerprint capture station, in the approximate amount of \$41,000, for the Investigations Division of the Sheriffs Office. The RAN Committee unanimously recommended this purchase. At this time, we are requesting your Board's concurrence with the RAN Committee's recommendation, and your authorization to proceed with the purchase of this equipment.

The Identix Touch Print 600 System is an electronic fingerprinting computer with two monitors, which allows for electronic capture of fingerprints and transmission of data, eliminating the need for ink rolling fingerprint cards and mailing them to the DOJ. Response time is reduced from months to within three working days in most **cases**. This capture device will interface with the existing Live Scan Store & Forward System and fingerprint card printer currently in use by the Investigations Division, and will greatly improve the agency's ability to capture and identify prints.

Board of Supervisors
 Agenda: September 21, 1999
 Page 2

Additionally, the Department of Justice (DOJ) plans to stop accepting ink rolled fingerprint cards for applicants in December, 1999. Once this happens, an estimated 3000 applicants per year will use this Live Scan device at the Sheriffs Office, according to a county-wide assessment of fingerprinting needs, dated February 5, 1999, and submitted to your Board on March 16, 1999.

The Sheriffs Office plans to purchase this device Fiscal Year **1999/2000**, and have it operational by December, 1999. Maintenance costs in the amount of \$6,383 will be paid by the **FY96/97** State's Supplemental Law Enforcement Services Fund (SLESF).

As Chair of the RAN Committee, I believe use of RAN funds to purchase this equipment will benefit local law enforcement agencies, as well as the community we serve.

Therefore, it is recommended that your Board:

1. Adopt a resolution to accept and appropriate unanticipated revenue from funds from the State Department of Motor Vehicles, from the RAN Trust Account, in an amount not to exceed \$41,000, for the purchase of a Live Scan electronic fingerprinting device;
2. Authorize the Sheriff to purchase an Identix **TouchPrint** 600 Live Scan System as a fixed asset (Fixed Asset Specifications, Attachment A) in an amount not to exceed \$41,000; and
3. Adopt a resolution to accept and appropriate unanticipated revenue from unbudgeted and unexpended **FY96/97** State's Supplemental Law Enforcement Services Fund (SLESF) in the amount of \$6,383, to pay for maintenance costs of this equipment.

Sincerely,

MARK S. TRACY
 Sheriff-Coroner
