Dear Ms. Mauriello:

The California Integrated Waste Management Board, the state's primary recycling agency, wishes to congratulate your community. We have nearly finished reviewing the 1995 waste diversion efforts of every city and county in California. As you may already know, the Board approved your community's diversion report for the 1995 waste diversion mandates established by AB 939, the Integrated Waste Management Act.

Enclosed please find a certificate of appreciation from the Board. This certificate honors your community's outstanding efforts to help California cut its trash in half by the year 2000.

Thank you for your community's hard work to meet California's aggressive waste diversion goals. We are pleased to count your efforts among those of all the communities statewide that are contributing to California's ongoing diversion success.

Sincerely,

Dan Eaton
Chairman
