DEFER PROGRESS REPORT ON WATER RESOURCES MANAGEMENT

Members of the Board:

On September 28, 1999, your Board deferred a progress report on Water Resources Management. On that date staff had not yet completed the background work necessary to provide another report. The previous request for additional time was to gather information on well metering and conservation ordinances and to communicate with County Counsel. At this time, staff has prepared a report and gathered additional pertinent background information. Staff would like an additional week to coordinate comments and fine tune the contents of the report before bringing it to your Board.

It is therefore RECOMMENDED that your Board defer the progress report on Water Resources Management until October 26, 1999.

Sincerely,

ALVIN D. JAMES
Planning Director
