ALVIN D. JAMES, DIRECTOR

October 20, 1999

Board of Supervisors
County of Santa Cruz
701 Ocean Street
Santa Cruz, CA 95060

AGENDA: October 26, 1999

SUBJECT: Annexation of APN 105-391-43 (2470 Fern Flat Road, Aptos, CA) to Zone 2 of the Mid-County Geologic Hazard Abatement District

Members of the Board:

On January 15, 1999, acting as the Board of Supervisors, your Board established the Mid-County Geologic Hazard Abatement District consisting of three Zones. Parcels in the District are currently participating in the Landslide Hazard Mitigation Grant Program (HMGP) funded by the Governor's Office of Emergency Services (OES) and the Federal Emergency Management Agency. Since the formation of the District, OES has provided for the addition of additional properties to the program.

One additional parcel has been found eligible for program participation in the Mid-County area. To be consistent with your Board's direction to include Landslide HMGP properties in Geologic Hazard Abatement Districts, this additional parcel should be annexed to the District.

As required by Title 17 of the Public Resources Code, on October 19, 1999, your Board, acting as the Board of Directors of the District, adopted Resolution 428-99, approving annexation of Assessor's Parcel 105-391-43 to the Mid-County District (Attachment 1).

The Public Resources Code requires the Board of Supervisors to ratify the action by the Board of Directors of the Geologic Hazard Abatement District to complete the annexation process. A resolution to ratify the action of the District Board is included as Attachment 2.

It is, therefore, **RECOMMENDED**, that your Board adopt the attached resolution **ratifying** annexation of Assessor Parcel Number 105-391-43 to Zone 2 of the Mid-County Geologic Hazard Abatement District.

Sincerely,

ALVIN D. JAMES
Planning Director
