RESOLUTION NO. \_\_\_\_\_

On the Motion of Supervisor  
duly seconded by Supervisor  
the following Resolution is adopted:

RESOLUTION APPROVING AMENDMENTS TO THE COUNTY GENERAL  
PLAN/LOCAL COASTAL PROGRAM LAND USE PLAN AND IMPLEMENTING  
ORDINANCES RELATING TO TIMBER HARVESTING

---

WHEREAS, the Board of Supervisors, in 1997, established the Timber Technical Advisory Committee to prepare a recommendation regarding the use of zoning or other means, for the purpose of addressing concerns about the impacts of timber harvesting in the unincorporated areas of the County; and

WHEREAS, the Board of Supervisors, in February 1998, considered the recommendations of the Timber Technical Advisory Committee regarding the actions necessary to address the issues raised at various public hearings regarding timber harvesting and directed that, by June 3, 1998, a package of Forest Practice Rules changes be developed for review by the Board and submittal to the Board of Forestry and, further, that a package of ordinance amendments be prepared to identify the zone districts where timber harvesting would be allowed and to address other concerns such as helicopter logging; and

WHEREAS, on June 3, 1998, the Board of Supervisors considered a report prepared by the Planning Department which recommended that the Board approve the proposed Forest Practice Rules changes, directed staff to submit the Rules package to the Board of Forestry and directed staff and Supervisor Almquist to attend the Board of Forestry hearing to represent the County; and

WHEREAS, the Board of Supervisors, on June 3, 1998, also approved, in concept, the preparation of two packages of proposed policy and ordinance amendments to be considered by the Board following the action of the Board of Forestry on the proposed Forest Practice Rules changes for implementation on January 1, 1999; and

WHEREAS, the Planning Commission, on October 28, 1998, adopted a Resolution

**ATTACHMENT 11**

recommending approval of the proposed amendments to the County General Plan/Local Coastal Program Land Use Plan and County Code; and

WHEREAS, the Board of Forestry, on November 3, 1998, approved a number of the proposed Forest Practice Rules changes but did not approve those affecting riparian corridors, residential buffers, helicopter operations or the various rules regarding road construction, maintenance or abandonment; and

WHEREAS, the Board of Supervisors determines that the Forest Practice Rules adopted by the Board of Forestry are not adequate to protect the environment and neighborhoods of the County, and the Board intends to continue to seek changes to the Forest Practice Rules as a means to reduce the impact of timber harvesting on the environment and neighborhoods in the County; and

WHEREAS, a Negative Declaration for each of the amendment packages has been issued by the County Environmental Coordinator in conformance with the provisions of the California Environmental Quality Act and the County of Santa Cruz Environmental Review Guidelines; and

WHEREAS, the Board of Supervisors held a duly noticed public hearing on November 24, 1998, to consider the amendments to the General Plan and Local Coastal Program Land Use Plan and Implementing Ordinances, the staff report and all testimony and evidence received at the public hearing; and

WHEREAS, on January 26, 1999, the Board of Supervisors directed staff to submit the 1999 Forest Practice Rules package to the Board of Forestry, and directed staff and Supervisor Almquist to attend the Board of Forestry committee meetings and public hearing to represent the County; and

WHEREAS, the California Coastal Commission, on July 14, 1999, approved the amendments to the General Plan and Local Coastal Program Land Use Plan and Implementing Ordinances, with modifications, and

WHEREAS, the Board of Forestry, on September 14, 1999, denied the proposed 1999 Forest Practice Rules changes proposed by the County of Santa Cruz; and

WHEREAS, the Board of Supervisors, held a duly noticed public hearing on December 14, 1999, to consider the amendments to the General Plan and Local Coastal Program Land Use Plan and Implementing Ordinances, as modified by the California Coastal Commission, the staff report and all testimony and evidence received at the public hearing; and

WHEREAS, the proposed amendments to the County General Plan/Local Coastal Program are consistent with the County General Plan/Local Coastal Program Land Use Plan and all other provisions of the implementing ordinances.

**ATTACHMENT 11**

**Proposed General Plan Amendments:**

Revise Table 1-7 (General Plan Resource and Constraints Maps) as shown on the attached pages (Attachment 1)

Revise 1994 General Plan and Local Coastal Program for the County of Santa Cruz Policy 5.12.9 by adding the underlined wording:

**5.12.8 Timber Resource Land Not Zoned Timber Production**

Evaluate proposed land divisions and residential development permit applications on parcels larger than 20 gross acres designated Timber Resources on the General Plan and LCP resources and Constraints Maps, but not zoned TP, for timber resource potential. Apply the TP land division and residential density requirement policies for any parcel found to have timber resources equivalent to TP parcels. Require, as a condition of any land division, rezoning to TP for parcels which have equivalent timber resources and that meet the criteria of policy 5.12.9.

Revise 1994 General Plan and Local Coastal Program for the County of Santa Cruz policy 5.12.9 by adding the underlined wording:

**5.12.9 Rezoning Land to Timber Production**

Encourage timberland owners to apply for Timber Production zoning where appropriate. In the coastal zone it is not appropriate to zone timberland for timber production if the land is recreational, environmentally sensitive, or visible from rural scenic roads (pursuant to policy 5.10.3) and if logging will harm these resource values. For purposes of this policy, harmful activities shall be considered as those including any significant disruption of environmentally sensitive habitat, any loss of landmark old growth trees, any degradation of scenic public views, any significant loss of timberland soils or siltation of spawning gravels. Also, in the coastal zone, it is not appropriate to zone timberland for timber production if the land is susceptible to a geologic hazard that may be exacerbated by logging and not responsive to mitigation. Such rezonings must be in accordance with the procedures set forth in the TP ordinance.

Add Policy 5.12.14, as follows:

**5.12.14 Zone Districts Where Timber Harvesting is Allowed**

Allow timber harvesting and associated operations, requiring approval of a Timber Harvesting Plan by the California Department of Forestry, only in the Timber Production (TP), Parks, Recreation and Open Space (PR) (except in the coastal zone), and Mineral Extraction Industrial (M-3) zone districts.

## SECTION X

Subsection (c) of Section 13.10.375 of the County Code is hereby amended to read as follows:

The Board of Supervisors may, by ordinance, upon the advice of the Planning Commission pursuant to Section 51110.2, Public Resource Code, and after public hearings, zone as Timber Production parcels submitted to it by petition pursuant to this section, and/or which meet all of the following criteria:
1. A map shall be submitted with the legal description or assessor’s parcel number of the property desired to be zoned.
  2. A Timber Management Plan for the property shall be submitted. This Plan shall have been prepared or approved as to content by a Registered Professional Forester. Such Plan shall provide for the eventual harvest of timber within a reasonable period of time. The Timber Management Plan shall be subject to approval as submitted, or as amended by the County. Prior to rezoning of the property to “TP”, the property owner shall bind himself and his successors in interest to carry out the approved Timber Management Plan.

Either the parcel must currently meet the timber stocking standards as set forth in Section 4561 of the Public Resources Code and the Forest Practice Rules adopted by the Board of Forestry for the district in which the parcel is located, or the owner must sign an agreement with the Board of Supervisors to meet such stocking standards and forest practice rules by the fifth anniversary of the signing of such agreement. If the

parcel is subsequently zoned as Timber Production, failure to meet such stocking standards and Forest Practice Rules within this time period shall constitute grounds for rezoning the parcel.

5. Use on the parcel shall be in compliance with the Timber Production Zone uses set forth in Section 13.10.372.

6. The land area to be rezoned shall be in the ownership of one person, as defined in Section 38106 of the Revenue and Taxation Code, and shall be comprised of single or contiguous parcels consisting of at least five acres in area.

7. In the coastal zone, the land shall not be recreational, environmentally sensitive, nor visible from rural scenic roads (pursuant to policy 5.10.3) where logging will harm these resource values. For the purposes of this subsection, harmful activities shall be considered as those including any significant disruption of environmentally sensitive habitat, any loss of landmark old growth trees, any degradation of scenic public views, any significant loss of timberland soils or siltation of spawning gravels.

8. In the coastal zone, the land shall not be susceptible to a geologic hazard that may be exacerbated by logging and not responsive to mitigation.

## SECTION XI

Subsection (a) of Section 13.10.382 - Uses in the Special Use "SU District of the County Code is hereby amended to read as follows:

(a) Allowed Uses.

1. All uses allowed in the RA and R-I Zone District shall be allowed in the Special Use "SU" District where consistent with the General Plan and when authorized at the highest Approval Levels specified in the Uses Chart in Section 13.10.322(b) for those districts.

2. All uses allowed in Zone Districts other than RA and R-I shall be allowed in the Special Use "SU" District where consistent with the General Plan and when authorized at the highest Approval Level required by all such districts but no lower than Level V.

3. Timber harvesting and associated operations, requiring approval of a Timber Harvesting Plan by the California Department of Forestry, are not allowed uses in the Special Use "SU" Zone District.

## SECTION XII

Subsection (h) of Section 16.20.180 - Design Standards for Private Roads, Driveways and Bridges - of the County Code is hereby amended to read as follows:

(h) ~~In all cases, where road gradients exceed 15 percent, 1-1/2 inches of asphaltic concrete shall be provided. (EXCEPTION: aggregate base and asphaltic concrete may be omitted if a structural section of 4 inch concrete is used.)~~ Where road gradients exceed 10 percent and a high erosion hazard has been identified by field review, oil and screen may be required at the discretion of the Planning Director. Road surfacing shall meet the following standards, based on the road gradient: 0 to 10 percent gradient - 6 inches of drain rock; 10- 15 percent gradient - oil and screenings; greater than 15 percent gradient - 1 ½ inches asphaltic concrete (EXCEPTION: aggregate base and asphaltic concrete may be omitted if a structural section of 4 inch concrete is used).

## SECTION XIII

16.30.050 Exemptions. The following activities shall be exempt from the provisions of this chapter.

(a) The continuance of any preexisting nonagricultural use, provided such use has not lapsed for a period of one year or more. This shall include change of uses which do not significantly increase the degree of encroachment into or impact on the riparian corridor as determined by the Planning Director.

(b) The continuance of any preexisting agricultural use, provided such use has been exercised within the last five years.

~~(e) All activities done pursuant to a valid County Timber harvest permit.~~

~~(d)~~ (c) All activities listed in the California Food and Agricultural Code pursuant to the control and eradication of a pest as defined in Section 5006, Food and Agriculture Code, as required or authorized by the County Agricultural Commissioner.
