Status Report: Juvenile Hall Facility Remodel Project

Dear Members of the Board:

On December 14, 1999, your Board approved the issuance of a Request for Qualifications (RFQ) for architectural and engineering services for the Juvenile Hall Facility Remodel Project. At the meeting, the General Services and Probation Departments were directed to return on or before February 1, 2000 with a proposed agreement. Because of the anticipated number of firms responding and the time required for staff review of the submittals, we are requesting additional time to complete negotiations with the selected firm.

It is therefore recommended that your Board direct the General Services and Probation Departments to return on February 15, 2000 with a proposed agreement for architectural and engineering services for the Juvenile Hall Facility Remodel Project.

Very truly yours,

  
Roy K. Holmberg  
Director
