Emeline Campus Traffic and Pedestrian
Circulation Plan: Deferral of Contract Award

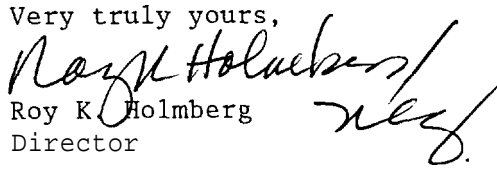

Dear Members of the Board:

On January 25, 2000 your Board accepted a status report on the contract award for engineering services for the Emeline Campus Traffic and Pedestrian Circulation Plan. At that time, staff were in the process of negotiations with Fehr and Peers, Associates of Lafayette and San Jose, California to perform the specified work.

Staff from General Services, Public Works and the County Administrative Office have completed the contract negotiations with the firm. Additional time is needed for staff to complete the contract documentation prior to presenting a recommendation of award to your Board.

It is therefore recommended that your Board defer consideration of the contract award recommendation for the Emeline Campus Traffic and Pedestrian Circulation Plan, and direct the General Services Department to return on February 15, 2000 with a recommendation for an engineering services contract for this project.

Very truly yours,

Roy K. Holmberg
Director
