JUVENILE HALL FACILITY REMODEL

Dear Members of the Board:

As your Board is aware, the General Services Department issued a request for qualifications for architecture and engineering services associated with the Juvenile Hall Facility Remodel. Responses to the RFQ were received on February 1, 2000.

Staff from General Services, Probation and the County Administrative Office have reviewed the responses. After careful consideration of the submitted materials and conduct of reference checks, staff concur that the County's interests would be best served by retaining Silva Strong Architects of Sacramento to provide the necessary architecture and engineering services for this project.

The General Services Department is currently negotiating the terms of an agreement and will be submitting a contract recommendation for your Board's consideration on March 7, 2000.

It is therefore recommended that your Board:

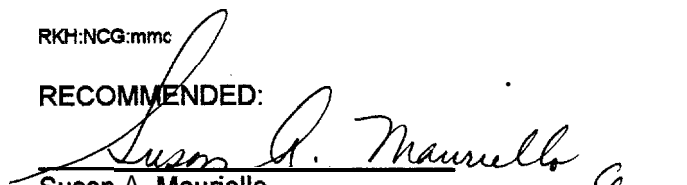

1. Accept this status report on selection of an architect for the Juvenile Hall Facility Remodel project; and,
2. Direct General Services staff to return on March 7, 2000 with a recommended contract document for architecture and engineering services for the Juvenile Hall Facility Remodel.

Very truly yours,

Roy A. Holmberg
Director
