RE: PROPOSED THIRD HIGH SCHOOL IN SOUTH COUNTY

Dear Members of the Board:

I would like to take an opportunity to provide members of the Board with a brief status report on the third high school in South County.

As you may know, I have been meeting with a group of representatives on the matter of the high school, including Speaker Pro Tern Fred Keeley, County staff, the City of Watsonville, the California Coastal Commission, and environmental interests. The purpose of these meetings has been to address the subject of potential growth inducement in the immediate area of the potential site, as a result of locating the high school at the proposed site. The goal of the meetings is to reach an agreement to allow the high school to be located at the proposed site while addressing the many issues raised by the community, including environmental concerns.

Our next meeting to discuss this matter will be held on Sunday, March 5, 2000. While I will be attending this meeting as the representative for the Fourth District, I will keep the members of this Board abreast of the developments as they occur.

Sincerely yours,

TONY CAMPOS, Supervisor
Fourth District
