Members of the Board:

On December 14, 1999, your Board directed the Planning Department to return on this date with a report addressing the concerns raised by the Planning Commission in a letter to your Board, dated August 17, 1999. These concerns included the minimum parcel size for rezoning to the Timber Production zone district, compatible uses in the Timber Production zone district and Timber Management Plan review. Staff also identified several other issues to be addressed.

Staff has not completed its evaluation of the issues raised by the Planning Commission. Therefore, it is RECOMMENDED that your Board defer this report to April 25, 2000.

Sincerely,

Alvin D. James
Planning Director
