**RE: Appointment to Santa Cruz County Integrated Waste Management [IWM]
Local Task Force**

Dear Members of the Board of Supervisors,

Please accept the enclosed materials as an application for appointment to the Santa Cruz County Local Task Force. I am responding with great interest for this opportunity to serve the Santa Cruz County community and believe my education, experience and skills can add value to the important integrated waste management issues we currently face.

My experiences include public works and local government functions, professional and volunteer participation (including 13 years in integrated waste management), as noted in the enclosed materials. I have been involved in many facets of the Integrated Waste Management. These experiences include: management and site operations of a solid waste landfill, transfer station, recycling drop-off center and administration of a related Enterprise Fund; landfill closure/post closure analysis; solid waste facilities alternatives analysis; competitive processes for franchise services; service as Executive Director of the TriCity Waste Disposal Authority for the cities of Fremont, Union City, and Newark; Integrated Waste Management budgeting and policy development. I have also served as professional staff to a variety of committees, commissions, City Councils and a Board of Supervisors.

I am particularly excited with the potential of serving on the Local Task Force. This appointment is an excellent match for my professional and personal interests. It would be most rewarding and an honor to work on meeting the challenge of delivering excellent customer service of Integrated Waste Management services, and delivering valued results as part of the Task Force team.

I would be pleased to discuss my qualifications in person during the appointment process.

Sincerely,

Norman Dean Ploss
