### STATUS REPORT ON EMERGENCY MANAGEMENT PLAN

Dear Members of the Board:

On June 13, 2000 your Board received a status report on the development of the County's emergency management plan. In order to complete the review of the draft plan document, the Disaster Council will be holding a special study session prior to their regularly scheduled September meeting. Following this study session and any subsequent recommended revisions, we will present the completed plan to your Board no later than the October 17, 2000 meeting.

It is therefore recommended that your Board accept and file this status report on the local emergency plan development and direct the General Services Department - Emergency Services Division to return with the recommended plan on or before October 17, 2000.

Sincerely,

BOB WATSON  
Director
