REPORT ON REPLACEMENT MICROPHONES IN BOARD OF SUPERVISORS CHAMBERS

Dear Members of the Board:

During the 2000-O 1 Budget Hearings for the General Services Department your Board requested that GSD provide new microphones in the Board Chambers for County staff or other individuals making presentations from the tables located opposite your Board's dais. The request was for replacement microphones that would provide for a greater range of reception and voice amplification than is provided by the current type of microphones. Your Board requested that GSD proceed with a purchase of the replacement equipment and report back on the equipment cost and any related issues.

GSD has ordered and received seven new microphones at a cost of \$3 15 per unit and has installed one unit in order to test the new equipment. Once it is determined that the replacement microphones meet the amplification and use requirements at the various locations we will proceed with the remaining installation.

It is therefore Recommended that your Board accept and file this report on the purchase of replacement microphones in the Board of Supervisors Chambers.

Very truly yours,

BOB WATSON
Director
