Public Hearing on the Proposed County Metering Ordinance

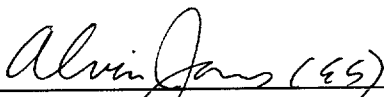

Members of the Board:

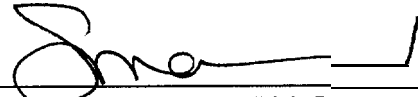

On June 13, 2000, your Board scheduled a public hearing to consider a proposed ordinance amending Santa Cruz County Code by repealing existing Chapter 7.72 and reenacting its provisions as a new chapter 7.77 and by adding a new chapter 7.72 pertaining to a proposed County metering ordinance.

The proposed ordinance has undergone extensive review by the various water districts and the County's Water Advisory Commission. At this point, the ordinance and associated maps and other materials are being finalized and should be completed within the next two weeks. To this end, in recognition that the public hearing has been duly noticed, it is RECOMMENDED that the public hearing be held to receive any testimony concerning this matter and that your Board continue the public hearing until the September 19, 2000 meeting.

Respectfully Submitted,

RECOMMENDED
