#### SANTA CRUZ COUNTY BOARD OF SUPERVISORS

701 Ocean Street  
Santa Cruz, California 95060

SUBJECT: SOLICITATION FOR SOLID WASTE CONSULTANT ENGINEERING SERVICES

Members of the Board:

On June 27, 2000, your Board directed Public Works to return with a summary report on the Solid Waste Consultant Engineering Services selection process. We have received a large number of responses to our request for the statement of qualifications (SOQ), the first step in the selection process. In past years we have received five to eight responses. This year we have received twelve responses, and due to the recent loss of a key engineering staff position, review work and reference checking on these SOQs have been delayed. Final consultant selection is anticipated to be completed by early November 2000.

It is therefore recommended that the Board of Supervisors defer final consideration of the Solid Waste Consultant Engineering Services selection process to November 21, 2000.

Yours truly,

THOMAS L. BOLICH  
Director of Public Works
