Board of Supervisors
County of Santa Cruz

Santa Cruz, CA 95060

Designate the Agricultural Commissioner as the Local Public Entity to Conduct a Glassy-winged Sharpshooter/Pierce's Disease Control Program

Dear Members of the Board:

At your meeting on November 21, 2000, your Board considered an item proposed by the Agricultural Commissioner regarding the adoption of a workplan for the control of Pierce's Disease and glassy-winged sharpshooter. Because of some concerns about the response and treatment section of the workplan, your Board directed the Agricultural Commissioner to return in two weeks with a revised draft plan. Your Board also directed the Agricultural Commissioner to provide details of control methods used or proposed in residential areas by other counties.

Because of the Thanksgiving holiday, we were unable to get information from other counties to meet the deadline to submit the item to the Clerk of the Board for the December 5, 2000 meeting of your Board. If your Board would defer this item one additional week, it will give us sufficient time to gather the necessary material.

It is therefore RECOMMENDED that your Board:

Defer consideration of the Agricultural Commissioner's glassy-winged sharpshooter workplan until your December 12, 2000 meeting.

Sincerely,

David W. Moeller
Agricultural Commissioner

Approved:

SUSAN A. MAURIELLO
