Ms. Linda Mounday  
Clerk of the Boards  
Monterey Bay Unified Air Pollution Control District  
24580 Silver Cloud Court  
Monterey, CA 93940

Dear Ms. Mounday,

In follow up to the memo you sent me, I wanted to send you my CV and application for the vacant position on the Hearing Board.

I have long been interested in many problems outside of the typical scope of clinical medicine, as my CV indicates. My association with Physicians for Social Responsibility, for instance, has made me aware of the public health issues that physicians must address if our role as health care providers is going to be as productive and meaningful as possible.

In my current position as a full-time practicing physician in Capitola, CA, I have found the time to get involved in the greater community: I serve on the Hospice Caring Project's Advisory Board; I advise undergraduate pre-med students at UCSC; I serve on the Quality Review Committee of Physicians Medical Group (PMG) of Santa Cruz County.

I have a long track record of service and involvement; I am experienced in making decisions besides the ones I make perhaps dozens of times a day in my examining rooms and in the hospital.

I hope the Board of Supervisors will look favorably on my application to serve on the Hearing Board as a physician who is interested in broad social concerns such as air pollution control in Monterey Bay.

Thank you.

Yours truly,

James MacDonald, M.D.
