### Commissions on the Web – Progress Report

Dear Members of the Board:

At the March 27, 2001 meeting your Board requested that the Clerk of the Board and the Board of Supervisors staff work with the Information Services Department to implement web pages that would provide the public with information regarding Commissions, Committees and Advisory Bodies, (CCAs); and provide a progress report back to your Board at the May 22, 2001 meeting.

Significant progress has been made in building the web pages that would provide the public with access to CCA information. Current plans would have the web pages available to the public on June 1, 2001. These web pages will provide the public with a comprehensive list of CCAs that have been established by County ordinance or resolution. A list of CCA vacancies will be maintained by the Clerk of the Board and listed on these web pages. The public will have the ability to apply for vacancies on-line with the application being routed to appropriate staff via e-mail. In addition, links will be provided to supporting County ordinances and resolutions.

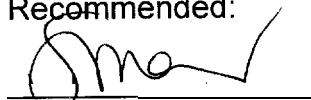

It is therefore RECOMMENDED that your Board:

Accept and file this progress report regarding placement of Commission, Committee and Advisory Body information on the Internet.

Sincerely,

  
 Kenneth D. Wedderburn  
 Director of Information Services
