AGENDA: JUNE 5, 2001

May 23, 2001

SANTA CRUZ COUNTY BOARD OF SUPERVISORS
701 Ocean Street
Santa Cruz, California 95060

**SUBJECT: HAPPY VALLEY ROAD CULVERT REPLACEMENT PROJECT
OFFICE OF EMERGENCY SERVICES 96-07, DSR NO. 011**

Members of the Board:

The plans, specifications, and engineer's estimate for the subject storm damage repair project are now complete and presented here for your consideration and approval. The work provides for the replacement of a culvert bridge that was destroyed during the December 1996 winter storms.

The project, as presented, is limited to those repairs included in the approved Damage Survey Reports (DSR), so as to return the damage sites to their original predisaster condition. The plans and specifications thus provide for a repair which essentially matches the existing roadway in the vicinity of the repair site, pursuant to the Office of Emergency Services' (OES) approved scope of work and available funding. In those instances where the funding approved for a DSR repair falls short of the actual bid price, we will submit a supplemental funding request to OES requesting that they cover the full cost of repair.

The engineer's estimate for this work is \$250,000, not including contingencies or administration costs. Sufficient funding for the project was included in the approved 2000/2001 Road Program.

It is therefore recommended that the Board of Supervisors take the following action:

1. Approve the plans, specifications, and engineer's estimate and authorize calling for bids for the Happy Valley Road Culvert Replacement Project
2. Set the bid opening for 10:45 A.M. on June 26, 2001, with award directed that same day prior to the Board of Supervisors' summer recess.
3. Direct the Clerk of the Board to advertise a Notice to Contractors for a 10-day period beginning June 9, 2001, in accordance with the provisions of Public Contract Code Section 20392.

Yours truly,

THOMAS L. BOLICH
