COUNTY PROCESS FOR ACQUIRING PARK SITES

On April 17, 2001, your Board considered a report by the Planning Department regarding the process and timeline for designating a parcel in the Moran Lake area of Live Oak as a future park site. At that time, your Board requested that a report be prepared for June 12, 2001 regarding the ordinance that addresses the process by which property is acquired for future park sites, with a focus on the extent to which individuals are compensated for costs incurred during the application process. The County departments involved in the preparation of this report, including County Counsel, the County Administrative Office, the Parks Department and the Planning Department will need additional time to sort through the issues and develop a recommendation for your Board's consideration.

It is therefore, RECOMMENDED, that your Board accept this deferral letter and direct that a report be prepared for August 28, 2001 regarding the County's acquisition of park sites and the issues related to compensation to the owners of these properties.

Sincerely,

Susan A. Mauriello
County Administrative Officer
