Re: APPROVAL OF 2001-2004 DENTAL DISEASE PREVENTION PROGRAM FUNDING APPLICATION

Dear Members of the Board:

The Health Services Agency is requesting approval of the 2001-2004 renewal funding application for the State Department of Health Services Dental Disease Prevention Program. The State has simplified the application process this year by requiring applicants to submit a **three-**year workplan, subject to the availability of state funding. The application in the amount of \$51,050 per year, for a three-year total amount of \$153,150, is due to the State by June 15, 2001. The application is on file with the Clerk of the Board. The State requires that your Board adopt a resolution approving the application and authorizing the HSA Administrator to sign the related State revenue agreement when received.

Each year, HSA receives the above State funding for various school-based dental disease prevention activities called the "Happy Tooth" program. This program provides supervised brushing and flossing in the classroom, instructional visits by a trained dental health instructor, educational materials and supplies, and teacher training workshops for participating schools.

The program is designed to reach 5,105 pre-school and elementary school children per year in high-need areas in the county. The program also fosters the development of community resources to respond to the need for preventive oral health services for children. The State funds support a full-time bilingual Health Program Specialist to coordinate the program and to conduct class visits. Supplies and materials are partially underwritten by the County. HSA has included the Dental Disease Prevention Program in our 2001-02 budget request.

It is therefore RECOMMENDED that your Board:

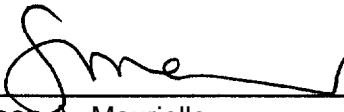

1. Adopt the attached resolution approving the submission of the funding application for the 2001-04 Dental Disease Prevention Program in the amount of \$51,050 per year for a three-year total funding amount of \$153,150 and authorizing the Health Services Agency Administrator to sign the related State revenue agreement when received; and
2. Direct the Clerk of the Board to return one certified copy of the resolution to the Health Services Agency to forward to the State.

Sincerely,

Rama khalsa, Ph.D.
Health Services Administrator
