Further Report on Community Programs Facilities Work Plan Contract

Dear Members of the Board:

As you recall, on March 27, 2001 your Board adopted a Facility and Infrastructure Work Plan for County of Santa Cruz Community Programs, and directed HRA to return to your Board for approval of an agreement with an independent consultant to conduct a study as provided in the Work Plan at a cost not to exceed \$20,000. The process of reviewing the qualifications of potential candidates, selecting the consultant, and negotiating the contract, has proceeded more slowly than expected, and it is anticipated that a final selection will not be made on or before August 15, 2001. Since this contract will be entered into after June 30, 2001, the funds set aside by your Board this fiscal year for Community Programs facility improvements shall be included in the supplemental funding request for rebudgeting in FY 01-02.

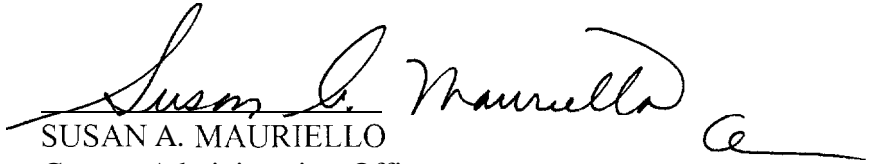

IT IS THEREFORE RECOMMENDED that your Board direct the Human Resources Agency to return to your Board on or before August 28, 2001 for approval of an agreement with an independent consultant to conduct a study as provided in the previously approved Facility and Infrastructure Work Plan.

Very truly yours,

CECILIA ESPINOLA
Administrator
