#### SANTA CRUZ COUNTY BOARD OF SUPERVISORS

701 Ocean Street  
Santa Cruz, California 95060

SUBJECT: EAST CLIFF DRIVE BLUFF RESTORATION PROJECT  
AMENDMENT OF PROFESSIONAL SERVICES AGREEMENT

Members of the Board:

At your Board's regular June 20, 2000, meeting your Board approved a professional services agreement with Sanders and Associates Geostuctural Engineering (SAGE) to develop and produce complete conceptual plans for an East **Cliff Drive** Bluff Restoration Project. Through this contract SAGE developed plans that facilitated the community review and preliminary **design** process and now form the basis of environmental review.

Because the East Cliff Drive Bluff Restoration Project is federally cost shared with the U.S. Army Corps of Engineers, environmental review and preparation of an Environmental Impact Report must meet the requirements of the National Environmental Protection Act, as well as those of the California Environmental Quality Act. In order for SAGE to provide the Redevelopment Agency and Public Works with the additional engineering services necessary to proceed through the environmental review process, it will be necessary to amend the independent contractor agreement with SAGE. The agreement will be amended to include additional consulting services during the environmental review of the proposed improvements, increase the contract amount by **\$21,500** for a total not-to-exceed amount of **\$110,500**, and extend the term of the contract to project completion. It is anticipated that this phase of the project will be completed by summer 2002.

It is therefore recommended that the Board of Supervisors take the following action:

1. Approve the attached amendment to agreement with Sanders and Associates Geostuctural Engineering, Inc., to increase the contract amount by \$21,500 for a total not-to-exceed amount of \$110,500, and to extend the term of the contract to project completion.

2. Authorize the Director of Public Works to sign the agreement on behalf of the County.

Yours truly,

  
THOMAS L. BOLICH  
Director of Public Works
