2001/2002 FIRE PROTECTION ASSESSMENT - CSA 4 & CSA 48

Dear Members of the Board:

Santa Cruz County Code \$4.26 requires that the Board of Supervisors take certain annual actions related to County Service Area rates. As part of these annual proceedings, your Board must set a public hearing to consider objections or protests on the rates and at the conclusion of the hearing, approve a 2001/2002 rate report.

The assessments for fire protection services were approved in June 1997 by a majority vote of the property owners for fiscal year 1997/1 998 and ongoing and included a provision for future increases based on the CPI. The rates for 2001/2002 are based on proposed fire protection programs and budget for the upcoming fiscal year and represent a 5% (per CPI) increase over the 2000/2001 rates for CSA 48 (County Fire) only.

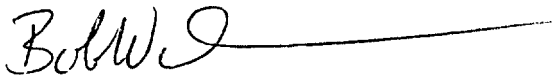

The proposed increased rate for CSA 48 (County Fire) will be \$49.88 per fire flow unit. The rate for CSA 4 (Pajaro Dunes Fire) will remain at the 2000/2001 rate of \$134.93 per fire flow unit. The engineer's report defining the number of fire flow units assigned to each property is on file with the Clerk of the Board for public review. Reports containing the Assessor's parcel number, the owners name and the amount of the benefit assessment/service charge will be available for public review two weeks prior to the proposed June 19, 2001 public hearing. As in prior years, this rate report must be approved by your Board and forwarded to the Auditor-Controller by August 10, 2001.

It is therefore RECOMMENDED that your Board:

1. Adopt the attached resolution setting June 19, 2001 during the morning agenda at the Board of Supervisors' meeting as the date for a public hearing on the proposed 2001/2002 Fire Protection rates for County Service Areas 4 and 48 and on the proposed service charge reports; and,
2. Direct the Clerk of the Board to publish the attached Notices of Public Hearing in the manner prescribed by law.

Very truly yours,

BOB WATSON
Director
