### SANTA CRUZ COUNTY BOARD OF SUPERVISORS

701 Ocean Street  
 Santa Cruz, CA 95060

**SUBJECT: STEWART AVENUE ROAD BUMPS**

Members of the Board:

The residents of the Stewart Avenue affected area (see attached map) have submitted an application along with a signed petition of affirmation for the installation of three road bumps. The petition included a 96 percent calculated approval rate for the installation of the road bumps. Bus service is not provided on Stewart Avenue by the local school district; therefore, a letter from the local school district stating its position regarding road bumps is not required. The Pajaro Valley Fire District/County Fire Department has no objections to the project provided the road bumps meet the design criteria standards. The Watsonville Fire Department on the other hand is not in favor of road bumps on Stewart Avenue.

The residents of Stewart Avenue have complied with all the provisions of the policy and the street meets all the eligibility requirements for the placement of road bumps. The policy requires approval by the Board of Supervisors prior to the placement of the bumps. South County Housing has agreed to pay the residents' share for the installation of three road bumps on Stewart Avenue. The cost to South County Housing shall be \$3,000.00, which is one half the cost to install three road bumps. The Public Works Department will cover the remaining cost of the road bump installation.

It is therefore recommended that the Board of Supervisors adopt the attached resolution authorizing the placement of three road bumps on Stewart Avenue.

Yours truly,

  
for THOMAS L. BOLICH  
Director of Public Works
