AGENDA: AUGUST 13, 2002

August 1, 2002

SANTA CRUZ COUNTY BOARD OF SUPERVISORS

701 Ocean Street
Santa Cruz, California 95060

SUBJECT: LOMPICO ROAD CULVERT REPLACEMENT PROJECT

Members of the Board:

On May 21, 2002, your Board directed the Public Works Department to return on August 13, 2002, with a status report for the Lompico Road Culvert Replacement Project. Specifications and engineer's estimate for the culvert project are currently being developed and it is anticipated that Public Works will return to your Board for final project approval on August 20, 2002.

In order to avoid construction conflicts and reduce costs, it will be necessary to enter into an agreement with the Lompico Water District in order to allow Public Works to include their specifications in our project for a water line relocation. This water line relocation is necessary due to conflicts with the proposed larger culvert and is responsibility of the Lompico Water District. This agreement will also be presented to your Board for approval on August 20, 2002, along with the project plans and specifications.

It is therefore recommended that the Board of Supervisors take the following action:

1. Accept and file this report.

2. Direct the Department of Public Works to return on August 20, 2002, with the project specifications, along with a proposed agreement with the Lompico Water District for water line relocation, for Board approval.

Yours truly,

THOMAS L. BOLICH
Director of Public Works
