RE: REQUEST FOR SPECIAL CONSIDERATION OF APPLICATION 02-0159

Dear Members of the Board:

Commercial Development Permit and Coastal Permit Application 02-0159 for the RMC Pacific Materials cement plant in Davenport was approved by the Zoning Administrator to increase annual production from 875,000 tons to 980,000 tons (12%). A number of Davenport residents have contacted me regarding concerns about the potential impacts of this increase in the plant's annual production. Since the increase is permanent and significant, I think it is appropriate for the Board to review this application and would request such a review as provided by County Code Section 18.10.350 - Special Consideration by the Board of Supervisors.

Therefore, I recommend that the Board of Supervisors set Application 02-0159 for public hearing within 30 calendar days as provided under County Code Section 18.10.350.

Sincerely,

MARDI WORMHOUDT, Supervisor
Third District
