MEMORANDUM

DATE: April 12, 2021

TO: Civil Service Commission

FROM: Ajita Patel, Personnel Director

RE: Proposal to Increase the Length of Probationary Periods for New Classifications

Pursuant to County Code 3.28.090, the Personnel Department is recommending that the Civil Service Rules, Section VI (E), Length of Probationary Period, be amended to include Sheriff's Coroner Investigator I, Sheriff's Coroner Investigator II and Sheriff's Supervising Coroner Investigator.

The Sheriff's Coroner Investigator I, Sheriff's Coroner Investigator II and Sheriff's Supervising Coroner Investigator are newly created classifications. These positions require a unique blend of technical proficiency, education and certifications that is acquired over an extended period through on-the-job experience, trainings and by attending State mandated courses.

The Sheriff's Coroner Investigator I and Sheriff's Coroner Investigator II will work under general supervision conducting death investigations to determine the cause and manner of deaths, determine the identification of the deceased and notify next of kin, collect, and preserve forensic evidence, collect, and review medical records, safeguard the personal effects of the decedent, prepare, and submit reports on the death investigation to the Forensic Pathologist, and work closely with all agencies concerned with the decedent's death. The Sheriff's Coroner Investigator II is a journey level classification that is expected to independently perform investigator I.

Under direction, the Sheriff's Supervising Coroner Investigator classification will assist the Forensic Pathologist in the functions of the Coroner's Division such as direct, plan, and supervise the work of the Coroner Investigators and administrative staff. This class will also direct and/or conduct the more complex investigations.

A newly hired investigator will be tasked with completing an internal field training program consisting of but not limited to conducting at least one investigation related to the following

manners of death: Homicide, Suicide, Accident, Traffic accident, and natural, which can take up to six months to complete. The Sheriff's Coroner Investigator I is further required to successfully pass the Registry Certification examination from the American Board of Medicolegal Death Investigators (ABMDI) with two years of appointment. The Sheriff's Coroner Investigator II and the Sheriff's Supervising Coroner Investigator must successfully pass the Advanced Board examination from ABMDI within twelve months of appointment. Additionally, the Sheriff's Coroner Investigator I and II are mandated to successfully complete the 80-hour Peace Officer Standards and Training (POST) Coroner's Death Investigation Course and the 40hour PC 832 Arrest Course within their first year of appointment.

A one-year probationary period is necessary to allow these classifications adequate time to complete required trainings and for the department to fully evaluate the incumbent's proficiency and aptitude in performing the duties involved with death investigations.

On March 11, 2021, the County notified the Service Employees International Union Local 521(SEIU), which represents these classifications, of this proposal. On March 22, 2021 SEIU concurred with this proposal.

DATE:April 6, 2021TO:Civil Service CommissionFROM:Ajita Patel, Director of PersonnelRE:Temporary Change to Civil Service Rules – Provisional Appointments

Pursuant to the Civil Service Rules Section 130 I.B.3- Administration of the Civil Service System, the Personnel Department is recommending that the Provisional Appointment Section of the rules be modified.

Over this past year, several hundred extra-help Disaster Service Workers have been hired to support the shelter operations and other COVID-19 response efforts. These extra-help appointments are limited to work a maximum of 999 hours in a fiscal year pursuant to CalPERS regulations. During this time period many individuals reached the maximum limits or were close. Several options were considered in order to maintain some continuity of operations, many which were costly and had some operational challenges. In recent months, the Board has approved a number of limited term positions to support shelter operations and other COVID-19 response efforts, to which extra-help employees were converted to.

While many of these limited term positions have been filled provisionally for the time being, the current Civil Service Rules only allow for a 90-day appointment with one additional 90-day extension. Under the current rules, several recruitments would have to be opened up in order to transition the provisional appointments to probationary appointments. Since many of these recruitments would be entry-level positions, there is a strong likelihood of a large applicant pool resulting in many hours of staff time to process these recruitments. Furthermore, the operating departments would have to conduct interviews pursuant to the rules in order to make the final appointments. All of these steps would require a tremendous amount of effort in coordinating the details during a time where we already have challenges with staff resources due to the increased workload related to the pandemic. Lastly, the limited term appointments are of a temporary nature and are not intended to turn into permanent long-term positions.

Given that it is unclear how long the pandemic will last, the Personnel Staff recommend the Civil Services Rules regarding Provisional Appointments be modified for a temporary time-period as indicated in Attachment A. The recommendation also includes the deletion of this change upon the federal and/or state government declaring the end of this public health emergency. The temporary changes are not intended to evade the merit principles, rather support the current business model that provides structure for critical pandemic staffing.

CIVIL SERVICE RULE

Provisional Appointments.

1

- 1. When there are less than five (5) qualified eligibles on any appropriate employment list, the Personnel Director may authorize the provisional appointment of any individual meeting the established standards for the position pending the establishment of an eligible list, but in any event, no such provisional appointment shall continue for longer than the following except as noted below under Section 2:
 - a. For department heads 180 days
 - b. For other positions 90 days

When an eligible list is established and certified to an appointing authority, the appointing authority shall make an appointment from the list within 15 working days; provided, however, that the Personnel Director may authorize an additional 15 working days to make an appointment when additional time is required. The provisional appointment shall be automatically terminated upon the start date of the appointment of an individual from the eligible list, or, if no appointment has been made, upon expiration of the 15 or 30 working day period following certification of the eligible list. (Amended 1/4/83)

- 2. Successive provisional appointments shall not be allowed, except that one additional temporary authorization for the same length of time as the original provisional appointment may be authorized by the Personnel Director provided that due diligence was exercised to establish an eligible list, or that other valid reasons exist to justify the extended provisional appointment which do not evade the competitive principles of the merit system. In the event that a provisional appointment is made related to the COVID-19 pandemic response, the appointment may be extended for the duration of the declared emergency.
- 3. Provisional appointments under this section are subject to removal at the will of the appointing authority. No time served under provisional appointments shall contribute towards acquiring probationary or permanent status. (Res. 222-90, 4/17/90)
