Keep Our Neighborhoods Safe

STOP LITHIUM BATTERY ENERGY STORAGE SYSTEMS (BESS) IN OUR NEIGHBORHOODS

COMMUNITY MEETING Sunday June 28

at 2:30PM at Pinto Lake City Park

concerning the proposed lithium battery storage system (BESS)
right next to homes at 90 Minto Road

Get updates, listen to expert speakers, voice your concerns
bring potluck food to share, and food for thought!

451 Green Valley Road, Watsonville

Learn more what is happening with the State review of the New Leaf / Seahawk project
for a proposed lithium BESS, here in our neighborhood in Watsonville.

With strong participation from our community, this can be stopped! Help us spread the word to
organize our neighbors, businesses and schools to address this life-changing issue.

BESS do not belong in NEIGHBORHOODS. Safety, health, 90 decibel buzzing sound issues,
farmland, water, wildlife, natural resource and cultural protection,
and our property values are all at stake!

Speakers from stophiliumbessinsantacruz.org, Ban Lithium BESS Santa Cruz, environmental and
social justice experts, and various groups.

Spanish translation will be provided.

**URGENT - WRITE your
public comment on the
docket of the CEC!**

**Sign and share
our petition!**
