REFERENCE: 2004 FUNDING REQUEST:

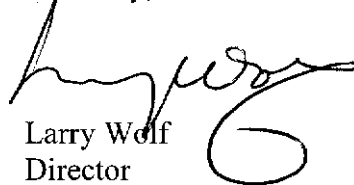

Dear Commission Members:

The Monterey Bay Salmon & Trout Project request funding for the 2004 fiscal year. Our funding request is for fish food and medicine for our 2004 Steelhead and Coho hatchery production. Our hatchery production should be up to 80,000 fish.

This year we are expanding our rescue efforts to include the Pajaro River system starting at Brown's Creek and Corralitos Creek in Santa Cruz County. In addition, our captive brood stock Coho program should be in full gear. We hope to raise up to 30,000 Coho Salmon to be planted into our local streams. We have the full support of the National Marine Fisheries Service. We hope to receive all our permits by November 16<sup>th</sup>, 2003.

Our funding request for 2004 is \$6,000.00. If you need any more information, please contact the hatchery at 458-3095 or call me direct at 688-4257. Again **thank** you for your consideration.

Sincerely,

Larry Wolf  
Director
