

## CHARLES EDWIN CHASE, AIA, PRINCIPAL PRESERVATION PLANNER

Charles brings more than thirty years of experience in architecture, historic preservation planning, new construction, and rehabilitation. His past work in architectural practice, governmental service, and nonprofit institutional management provides a unique perspective and knowledge base to facilitate successful planning and project development. He has participated in and directed preservation planning projects, managed historic resources surveys, and developed design guidelines and preservation plans serving the private, public, and nonprofit sectors throughout California and the Southeast. Charles's architectural design and preservation work has received honor awards from the American Institute of Architects. Charles has represented the United States and city governments in France and India.
