October 25, 2010

**Agenda Date: November 3, 2010**

Housing Advisory Commission  
701 Ocean Street  
Santa Cruz CA 95060

**SUBJECT: Vacation rental draft proposed ordinance**

Commissioners:

On October 6, your Commission considered a proposed draft vacation rental ordinance for a second time. The Commission directed Planning staff to return to your Commission with a substantially simplified ordinance to include only the following:

1. A registration system by means of a ministerial permit.
2. A requirement for in-county management for vacation rentals.
3. A requirement that the Sheriff's Office be reimbursed for responding to vacation rental complaints.
4. A dispute resolution provision.
5. A requirement for signage for each vacation rental that includes management contact information.

The revised draft proposed ordinance retains language that vacation rentals are allowed in all residential zone districts in the County, that payment of Transient Occupancy Tax is required, that noise regulations must be adhered to and posted inside the vacation rental, and that violations of the ordinance are subject to enforcement.

Staff modified the proposed definition of vacation rental to clarify those structures that may not be used as vacation rentals. The revised draft proposed ordinance is attached as Attachment 1.

### Recommendation

Staff therefore **RECOMMENDS** that your Commission consider the revised draft proposed ordinance and direct staff to include it as your Commission's recommendation to the Board of Supervisors.

Sincerely,

Kathleen M Previsich  
Planning Director

Attachment: 1. Draft proposed ordinance revised pursuant to HAC direction of October 6, 2010

**ORDINANCE ADDING NEW SECTION 13.10.326 AND ADDING A DEFINITION TO SECTION 13.10.700-V OF THE SANTA CRUZ COUNTY CODE RELATING TO THE REGULATION OF VACATION RENTALS**

The Board of Supervisors of the County of Santa Cruz ordains as follows:

**SECTION I**

Section 13.10.326 is hereby added to the Santa Cruz County Code to read as follows:

**13.10.326 Vacation rentals**

(a) The purpose of this section is to establish a simple permit and registration system for vacation rentals that will allow the County to be able to track the number and location of vacation rentals in order to:

1. Ensure that vacation rentals do not have an adverse effect on existing neighborhoods and on the long-term rental housing stock.
2. Ensure that Transient Occupancy Tax is paid.
3. Facilitate better enforcement of regulations (e.g., noise) applicable to vacation rentals.

(b) Vacation rentals are allowed in all residential zone districts in the County. The use of residentially zoned property as a vacation rental shall comply with the following standards:

1. Applicability. This section applies County wide to legal structures used as vacation rentals. Illegal structures may not be used as vacation rentals.

2. Permit requirements. Ministerial Permit and Transient Occupancy Tax Registration for each residential vacation rental.

3. Transient Occupancy Tax. Each residential vacation rental unit shall meet the regulations and standards set forth in Chapter 4.24 of the County Code, including any required payment of transient occupancy tax for each residential vacation rental unit.

4. Signs. A sign identifying the structure as a permitted vacation rental and listing a 24 hour, in-county contact responsible for responding to complaints and providing general information shall be placed in a front or other window facing a public street or may be affixed to the exterior of the front of the structure facing a public street. If the structure is more than 20 feet back from the street, the sign shall be affixed to a fence or post or other support at the front property line. The sign may be of any shape, but may not exceed 216 square inches. The view of the sign from the public street shall be unobstructed and the sign shall be maintained with legible information.

5. Noise. All residential vacation rentals shall comply with the standards of Chapter 8.30 of the County Code (Noise) and a copy of that chapter shall be posted in an open and conspicuous place in the unit and shall be readily visible to all tenants and guests. No vacation rental is to involve on-site use of equipment requiring more than standard household electrical current at 110 or 220 volts or that produces noise, dust, odor or vibration detrimental to occupants of adjoining dwellings.

6. Local contact person. All vacation rentals shall designate an in-county property manager. The property manager shall be available 24 hours a day to respond to tenant and neighborhood questions or concerns. Where a property owner lives within the County the property owner may designate himself or herself as the local contact person. The name, address and telephone number(s) of the local contact person shall be submitted to the Planning Department, the local Sheriff Substation, the main county Sheriff's Office, the local fire agency, and supplied to the property owners within a 300 foot radius. The name, address and telephone number(s) of the local contact person shall be permanently posted in the rental unit in a prominent location(s). Any change in the in-county contact person's address or telephone number shall be promptly furnished to the agencies and neighboring property owners as specified in this subsection.

7. Dispute resolution. By accepting a vacation rental permit, all vacation rental owners agree to engage in dispute resolution and act in good faith to resolve disputes with neighbors arising from the use of a dwelling as a vacation rental. Unless an alternative dispute resolution entity is agreed to by all parties involved, dispute resolution shall be conducted through the Conflict Resolution Center of Santa Cruz County.

8. Violation. It is unlawful for any person to use or allow the use of property in violation of the provisions of this section. The penalties for violation of this section are set forth in Chapter 19.01 of this Title (Enforcement). All costs incurred by the Sheriff's Office when responding to complaints about vacation rentals shall be fully reimbursed by the property owner.

## SECTION II

Section 13.10.700-V of the Santa Cruz County Code is hereby amended by adding a definition for "Vacation rental" preceding the definition of "Variance" to read as follows:

Vacation Rental: An ownership dwelling unit, rented for the purpose of overnight lodging for a period of not more than thirty (30) days other than ongoing month-to-month tenancy granted to the same renter for the same unit. Accessory structures, second units, and legally restricted affordable housing units shall not be used as vacation rentals.

## SECTION III

This ordinance shall take effect on the 31<sup>st</sup> day after the date of Final Passage, or upon certification by the California Coastal Commission, whichever date is later.

PASSED AND ADOPTED by the Board of Supervisors of the County of Santa Cruz this \_\_\_\_\_ day of \_\_\_\_\_, 2010, by the following vote:

# Save Santa Cruz Tourism

## About the petition

The Board of Supervisors is proposing severe restrictions on vacation rentals in Santa Cruz County. Also proposed is the forced shutdown of all vacation rentals on multi-unit lots, including second units and accessory structures. Tourism is the lifeblood of Santa Cruz County and all residents depend upon services paid for by people visiting our beautiful County.

Fact: Tourism ranks, alongside agriculture, as one of the top employers and revenue-producing industries in Santa Cruz County, generating over \$500 million in direct travel expenditures annually.

Fact: Visitor dollars help to support Santa Cruz County by providing business and tax revenues which contribute to local employment, vast expanses of open space, beaches and parks, and small businesses which are largely locally owned.

Fact: Tourism generates over \$14 million in taxes for local government, which helps to pay for police and fire protection, road repairs, park maintenance and social services.

Fact: In addition to the above tax revenue (and property taxes), vacation home owners pay a 10% transient occupancy tax. The TOT brings in nearly \$ 2 MILLION a year into the County General fund.

Fact: The Santa Cruz Board of Supervisors, under the influence of a small minority of homeowners who live near the beach, is getting ready to pass legislation that will threaten home owners in the County and potentially violate the use of private property.

Fact: If passed, this legislation will lead to a decrease in tourism dollars and a decrease in TOT revenue.

Fact: The County currently has a 12.9 MILLION DOLLAR deficit

Fact: This legislation will benefit a small group of homeowners to the detriment of the rest of the county.

Fact: There are already laws in Santa Cruz County that protect fellow citizens from nuisance and noise.

Fact: There is no objective data (police citations etc) pointing to a problem with short term rentals or vacation homes.

Given the current economic crisis and the huge budget deficit in the County should we really be considering legislation that benefits so few and hurts so many.

The proposed legislation can be found here:

[http://sccounty01.co.santa-cruz.ca.us/bds/Govstream/BDSvData/non\\_legacy/agendas/2010/20100622/PDF/081.pdf](http://sccounty01.co.santa-cruz.ca.us/bds/Govstream/BDSvData/non_legacy/agendas/2010/20100622/PDF/081.pdf) and here

<http://sccounty01.co.santa-cruz.ca.us/planning/plnmeetings/PLNSupMaterial/Housing/agendas/2010/20100921/007.pdf>

Many homeowners have stated that if this ordinance is passed by the Board of Supervisors, they will have to sell their home or go into foreclosure.

This will directly affect property values and property tax revenue in the County.

The current proposal allows only one tenancy within a seven day period. This will force vacation rental owners to turnaway those looking to rent a home for 2-3 nights only. Two major studies by the Santa Cruz County Tourist Board show that the vast majority of overnight stays are less than 3 days. A 7 night minimum will turn thousands of tourists (and their money) away.

The current proposal will affect beach access, especially for families. We need to stand up for the right of people to access the coast.

By signing this petition you are telling the Board of Supervisors that you are a voter in Santa Cruz County and/or that you are against the current legislation as it is proposed.

By signing this petition you are reminding your representative that they represent the ENTIRE district/county and not just a small group who live near the beaches.

By signing this petition you are telling your representative that you want them to consider the needs of the rest of the county and that you do not want to lose a single dollar of transient occupancy tax or tourism money.

If you are a business owner, especially one that serves the tourist population, you are expressing your concern over the potential loss of business.

Please feel free to add comments, including your zip code or district you vote in.

Thank you,

Comments: I vote in district 1 and I am 100% opposed to this ordinance. There are existing laws to ensure our neighbors peaceful enjoyment of their properties. We don't need a new law that targets Santa Cruz homeowners who chose to share their homes with the thousands of visitors that support our local economy.

Comments: We live in Live Oak, vote in Live Oak and own a vacation rental in Live Oak where my mother lives (it would be considered multi-family as it has a house and cottage). Please consider the impact this will have on homeowners, businesses, and visitors. We are small business owners in Live Oak and our vacation rental helped us survive during difficult economic times. We have also hosted wonderful families at our home-my mother has thoroughly enjoyed sharing her neighborhood with our guests. They not only pay a hefty Transient Occupancy Tax, they spend an enormous amount in our communities eating, shopping and enjoying our beautiful area.

Comments: This Ordinance is revolting, discriminatory, and an insult to American democracy. It's unconstitutional, and a violation of home owner property rights. This type of government bullying and abuse must be stopped. Supervisors should be advised they will never be re-elected again, anywhere, if they push this ordinance down our throats. They need to understand this is extremely politically unpopular, and will hurt our local economy, and the majority of our fellow citizens.

Comments: It is an unreasonable burden placed upon selected property owners, specifically those who own "multi family units" to try and ameliorate the county's perceived need to provide affordable housing for the many residents of diverse income by imposing

the current proposed vacation rental ordinance. This proposed ordinance seems to constitute a governmental "take" of personal property, without compensation, to fix a growing socio-economic problem in the community. The Bill of Rights prohibits government from depriving any person of life, liberty, or property, without due process of law. I think our property rights are being trampled!

13. Name: Jeffrey Randolph on Sep 26, 2010

Comments: I am an Owner of a home in Live Oak. I am vehemently opposed to this flawed ordinance. We have been successfully renting our home off an on over the last two years and all of our neighbors are very supportive.

---

14. Name: Tina Koch on Sep 26, 2010

Comments: There is already laws to address the problem of nuisance and noise for both residents and vacation rental guests. This ordinance doesn't explain how the enforcement of the current laws will improve and the problem solved. I don't see how this ordinance does anything except create more complicated and likely more violations due to the extreme micro-mandated controls. Worst case scenario is that our area will lose tax dollars that we need and tourism will decline.

---

15. Name: L Vann on Sep 26, 2010

Comments: I am strongly opposed to restricting multi-unit housing from being "grandfathered into the permit process". And I would much prefer a licensing regulation and enforcement of already existing laws to new rules that will bring so many unintended consequences to many people in our community.

Is it capricious and arbitrary to restrict the use of your property and not that your neighbor. Is this an unreasonable burden placed upon selected property owners to sooth the woes of the counties failure to encourage the development of affordable housing for the many residents of diverse income. Does this proposed ordinance constitute a governmental "take" of your property without compensation. If you take a look at the constitution how many more signers put protection of individual property rights a ahead of liberty.

We don't want our rural property to be excluded from being "grandfathered" into the permit process. The size and and environmental setting of our Quail Hollow property make us appropriate for for the occasional family retreat in between our more common longer corporate rentals. The proposed ordinance would deprive our past guest families of their brief country experience. Located near the park, the lake, and the redwoods we offer a great alternative to the beach.

As proposed the ordinance would suppresses local business activities and job opportunities; it reduces the income to the County through the TOT by one third ofe the lodging revenue collected; and it negatively impacts owners who purchased and improved property based upon long standing public policy and current laws. As a long time, local property owner that has already been penalized by changes in zoning, inclusion of endangered species habitat area, and environmental niche regulations, I request the proposed restrictions should be looked at in terms of federal environmental justice regulations under section 104 of the EPA regulations. The need to take away my current legal use of property that I have owned since the late 1970 can not possibly be justified as a public benefit. Please help us keep Santa Cruz great.

Comments: The SC Board of Supervisors have been asked to provide evidence or data of "nuisance vacation rentals" - they have yet to do so.

The Board of Supervisors have an obligation and a duty to base their decisions and new laws on facts before passing any ordinance that would adversely affect so many of the residents and tourism \$\$'s here.

Some basic questions and verifiable data are needed before proceeding. At the very least the BOS should be asking the following:

1. What is the percentage of complaints for vacation rentals vs. other rental properties?
2. Is there a particular street or area that is perceived by neighbors to be a problem?
3. What specific data and/or percentage of residents are driving this ordinance forward?
4. What data suggests that any of these controls will have the desired effect, or if indeed any of these new rules are enforceable, warranted or even necessary

SIMPLE QUESTIONS! Which SPECIFIC rentals are causing problems? Which streets have the most complaints? Are there any truly verifiable problem rentals? Where is the evidence? How many vacation rentals have a documented and substantiated history

of being a nuisance rental (actual sheriff documentation)? The answer is ZERO according to the Sheriff. So, um, where is this fuss coming from? If people are &quot;SCARED&quot; that the houses around them are turning into vacation rentals, it is worse to have them foreclosed or falling apart, it is a recession folks! Many of the rentals will only be temporary in the long run. Relax, all you complaining NIMBYs! Go live in a gated community if you want privacy, Santa Cruz is, and always will be, a tourist town, DEAL WITH IT!

Comments: I am against the proposed ordinance in its entirety. The reasoning for this law is flawed and the proposed solutions not only fail to address the supposed problems, but overstep the government's role in the lives of its citizens and violate property rights, freedom of choice, and freedom of speech. I am especially concerned with the County trying to define, through law, the character of a neighborhood. The role of the government in terms of zoning residential is to produce an area with specific type of structures. Residential zoning creates areas concentrated with single family homes. These structures are characterized by bedrooms and a single kitchen. Single family zoning prevents commercial type structures from being built. What homeowners do with a SFR after they purchase should not be the business of government. Surely we are not talking about illegal uses (a brothel or drug dealing) or an obvious commercial use such as a restaurant. These are, and should be, prohibited from residential areas. But there is a myriad of uses that an owner can consider with their home. They can chose to live in it on a full time basis. They can choose to live in it on a part time basis. They can choose to not live in it at all. They can long term rent it one year and choose not to do so the following year. They can lend it to friends and family. The point is, what they choose to do with their home is their business, not the government's. Consider this example of "residential" use. It is legal for a contractor to buy a SFR in Santa Cruz County with the sole goal of knocking that home down, building a new home, and selling that home for profit. Did this contractor ever reside or intend to reside in the home? No. In addition, their primary motive for owning this home was profit. Would the County begrudge this owner his right to use the property in this manner? Could not one argue that this is purely a commercial enterprise? By the logic applied by the County, why should the neighborhood deal with a myriad of contractors, trucks, and porta-potties that come this endeavor? Surely, this would creates noise, dust, and nuisance. The Supervisors also take about preserving the "character" of the neighborhoods. On its surface this sounds admirable. But in practice this would by definition restrict freedom of choice and speech. The composition and character of a neighborhood is defined by the choices of individuals not the government. The County has every right to set the "foundation" of a neighborhood by regulating the type of structures, but after that it should allow individual freedom and individual decisions to define the character. If owners choose to purchase a home and raise their family, it is their choice. If people purchase a home as an investment and rent it long term, it is their choice. If they choose to keep the house empty and not raise children, it is their choice. It is interesting that it is against the law for a Real Estate agent to "define" the character of the neighborhood. For example, they can not place an advertisement describing a neighborhood as &quot;kid friendly&quot; or &quot;perfect for families&quot;. Why then would it be OK for the government to do exactly this?. Are we really suggesting that the County define the character of the neighborhood? What is next? Will the County decide a neighborhood is too Hispanic? Would the County prevent a Mosque from being built because it does not fit in with the 'Catholic character' of a specific neighborhood? Would the County target second homeowners and tell them they must raise children in the home or face fines? Perhaps the County should create an incentive program that would encourage single families to purchase homes and raise their children. A program could reduce property taxes by 25% for owners who raise their family for five years in a SFR. This would be a positive way to achieve the same goal. But, it would still be discriminatory. I would imagine that if the County created such a program you would see lawsuits from unmarried people or people without children. They would state that the government has violated their rights and discriminated against them.

I pay the transient occupancy tax on all rental income. In addition, I employ local businesses to continually upgrade my property, make repairs and clean after each guest. My guests, who are mostly families, contribute to the Santa Cruz economy by shopping and dining out. The proposed ordinance is redundant with current law, and discriminates against vacation rental owners. I hope the County will redirect its efforts to more pressing issues, and avoid spending further time and money on this issue.

Comments: I am shocked that John Leopold is trying to ram this through when there is no need for it. Mr. Leopold, the Santa Cruz already had a method for tracking houses that are noisy or otherwise bother their neighbors. Looking through this list, one sees student housing, not vacation rentals as the problem. I live in Live Oak and have never experienced any troubles with the vacation rentals that are in my neighborhood. Rather, instead of being empty and inviting someone to break into them, they are full of wonderful visitors that are not only deterring crime, they are spending their hard earned money in my neighborhood - probably keeping several restaurants and stores in business.

From drinking on the beach and leaving behind the bottles to blocking driveways while they are on the beach, these are the people we should be concerned about. We should encourage the people staying in vacation rentals, not chase them out of town, otherwise we'll only be left with these hoodlums that don't bring any value or money to our neighborhood.

Comments: Several years ago we had a problem with crime on our street. We had several houses on the street that were 2nd houses and consequently, empty most of the time. Since they were empty, a bad element thought they could hang out, drink, smoke, make noise, litter and get away with it because there there was nobody around to call the cops on them.

I'm guessing due to the economy these 2nd homes turned over and several of them are now vacation rentals. You know what? No more problems with the bad guys hanging out on the street. Instead, we've got families that are staying in these houses and also serving as another set of eyes to help the rest of us keep our street safe. Wanna know something else? These same renters are spending money in our city and paying taxes.

As for noise or other problems these vacation rentals have created? None. Rather, these vacation rentals have been a tremendous asset to our neighborhood and I would hate to lose them. If this regulation goes into affect, the street will once again become dark and inviting to those bad guys and our neighborhood will become less safe. Worse, due to the lost taxes these visitors pay, we'll have less police protection as well. This ordinance is a lose-lose for everyone.

People are here in the summer to have fun and enjoy the beach. These so called nuisances are just as likely to be caused by a permanent resident or second home owner as a vacation renter. This ordinance will not change a thing except cause people to lose critical income and possibly their home.  
The beach has always been this way and will continue to be this way.  
The provision to make vacation renters park off street is especially ludicrous and shows the lack of critical thinking behind this ordinance. It will not be possible to prevent vacation renters from parking on the street since it is PUBLIC parking and absolutely anyone can park here regardless of their rental status. Who will hand out the parking tickets? Certainly not the Highway Patrol or Sheriff.  
This whole thing is an example of blatant discrimination against beach goers. Next it will be day visitors!

We are responsible renters, charge and pay our taxes, screen our guests and try to make it as transparent to our neighbors out of respect. This new legislature will hurt people like me, but also cut down on tourism because it would cut off a new growing market of people wanting to have an alternative to traditional hotels. Especially nice quiet family renters! They would otherwise just go somewhere else for their beach vacation where they could be more comfortable to relax with their kids. Bad idea for many reasons!!!!

The California Coastal Commission repealed a similar ordinance for a coastal San Diego community. What a waste of time that these supervisors have chosen when there are so many more issues that affect our community. Shame on them and the few Nimbys. They should have gotten all the facts before pushing this one through. And, what about the back door meetings? I think the City of Bell is a testament to covert meetings. They could only keep it if they can share it as a family and also as a vacation rental. This would be a good thing for my family, for the neighborhood and for the county. The ordinance by its very structure would mean that my family would not be able to do this (other homes in my neighborhood do so now). You would force us out of our home.

Also how can you expect people to not have the same uses for their property (i.e. weddings, parties, guests for one night etc.) as others based on the occupancy (owner, rental, vacation)? This seems so discriminatory. This is a BAD idea. Please take this off the table.

Comments: One Supervisor in Santa Cruz County has made up arbitrary rules that he thinks will solve all the problem of Noise, Excess Trash, and Lack of Parking in all Neigh-borhoods with Vacation Rentals. If he persuades two more Supervisors to vote with him, his rules will be made law on Tuesday, Nov 16, 2010 and be enforced from Jan 1, 2011 on. These rules will make it impossible for Owners of Vacation Rentals to offer their homes at their current prices as they are going to NOT going to be allowed to offer more than one rental per week. Most Guests prefer shorter than 7-day rentals, so we Owners have split our weeks up into 2, 3, 4, 5 or 6 night stays, where 2 or 3 sets of Guests share a different part of a week. We cannot pay our mortgages and property taxes on just one short rental per week & so will be forced out of existence. If you care about staying in a comfortable and safe home environment with your friends, children & pets, please sign and send our petition located at:  
<http://www.ipetitions.com/petition/santacruztourism/> to your friends!

Comments: This is crazy. People and residents who have lived in Santa Cruz for many years and call it home are looking at an attack on the abilities to earn income.  
  
If there are unruly rental persons, then deal with them on an individual basis.  
  
Santa Cruz is a holiday destination and to attack traditional routes of accommodation for many is just plain stupid.  
  
There are already too many laws in SC and this reduces the rights of the many as opposed to good policing the few.

Comments: It's a shame that a few wealthy landowners can be so greedy as to not want to share "their" beach. The reality of life in 2010 is that people should be allowed to make a fair living any legal way that they can. If renting a few rooms pays for a child's college education, or helps to pay a mortgage, or takes care of an ill parent, then what is the harm? Oh of course, I forgot that the few greedy landowners don't want anybody on THEIR beach. Good luck in your quest for reasonable legislation.

We have to rent a house when we visit and are very respectful of the neighbors. We visit not only the beaches, but frequent the shops and restaurants, bringing revenue into the city. I hope the city of Santa Cruz reconsiders!

Comments: We live and work in the bay area. We like to spend weekends in Santa Cruz, where our children surf. It is nice to be able to rent a house for 2-3 days over a weekend, so we don't have to drive back and forth each day. If we could only rent for a 7 day period, our children would just drive over for the day to surf, and we would then use our weeks vacation to head south to surf (where we are from) where it is warmer. I think if you hold people to a one week minimum, people will chose other cities to visit. I can't believe you would consider losing revenue for your city and your home owners by restricting visitors. We are not all fortunate enough to be able to live at the beach, but if Santa Cruz wants to make their beach exclusive, then I think people will go to other beach towns, we have miles of them here in California. And the last time I checked, not one can own the beach here in California. I hope you reconsider.

It has been in the family since they constructed it all that time ago, a real vintage gem peppered with memorabilia of the generations coming and going over the last century. They even have growth charts cut in the door jam.  
  
I doubt they would be able to keep the house if their vacation rental rights were restricted in the manner proposed. It would be a great shame to sell for this reason, it's more than just a "property" for them.  
  
Vacation rentals aren't just about money-making opportunism. This is the only way some families have of holding on to their own treasured vacation homes.

I think if there is a problem it should be worked out among the people rather than have the government get involved. Are we afraid of confronting our neighbors ourselves. The government is involved enough in our day to day lives, we do not need more regulations but less. Lets have a block get together and work out the problems our selves.

Comments: This ordinance will do more harm to Santa Cruz. Look at what is happening to Big Bear when they passed a similiar ordinance a couple of years ago. Half the town is for sell or in foreclosure. The restrictions of the ordinance discourages new buyers. Now oversea businessmen are starting to come in negotiating purchases below value to desperate sellers. Has anyone done any studies on how this ordinance will affect Santa Cruz? It will affect everyone. Once this ball gets rolling it'll be harder to take it back.

- This legislation is absurd and a disservice to the people of Santa Cruz County Because of the recent restrictions enacted, our most recent vacation rentals have been in Monterey. The beaches are for all economic levels of our community and not only for the rich. Property owners have the right to rent their homes as they wish and we will not support Santa Cruz County if you pass this legislation.

With the state of our economy we should be working towards bringing in more Tourism.
- Not only will it affect business, it will also trickle down to our Schools, parks, recreation, etc. People forget that when our local businesses are thriving, they are the ones who donate money towards, scholarships, sports, schools, the arts, cancer you name it. Let's support our Community and remember that we do live in one of the most sought after tourist destinations in the world. This will certainly negatively affect local shops and businesses sales hence increasing lay offs. We need to increase the flow of cash to our local businesses not decrease it!

Comments: I do not support the proposed ordinance. Taking away people's property rights is not exactly what our country was built on! Limiting tourism by making it impossible or difficult to rent one's home out on a short term basis vs. long term is discrimination. Where is the fairness?  
Thank you.

Comments: Rio Del Mar was built as a vacation area, as were many other beach communities. Does the Motel have a restriction to one stay per week? No. Does it have more than one unit? I think so. No one is complaining about that, and it has plenty of neighbors. It contributes to the local economy, just like the vacation rentals do. Another problem with this proposal is you could have a neighbor who doesn't like you and unjustifiably complain and have your permit revoked. There are too many problems with this proposal and it should be scrapped.

Comments: I own a home in the zone affected by this proposal. We vacation rent our home to pay our mortgage. Long term rentals would not off set the payments so vacation renting is the only way we are able to keep it. My husband and I grew up in Santa Cruz and bought our home to retire in. We use a legitimate rental agency to screen our clients and pride themselves keeping a peaceful family atmosphere in our home.

In addition, my family owns a local Surf Shop established over 40 years ago in the area of this proposed ordinance. It will be negatively affected by the direct loss of tourism if this ordinance is approved. I am highly against this proposed ordinance.

As said by others, you can not fully understand the financial ramifications to the SC economy this ridiculous ordinance will create. If implemented, you will surely find out the hard way with an even more distressed micro-economy. The next outcry will then be from local businesses who will be adversely affected by this ordinance in a way that will take some businesses down. If you think VR owners and supporters are vocal, wait until you start messing with the businesses and people we support.

Santa Cruz is a proud destination spot for people all over the world and our intentions should be to keep it that way. Don't bite the hands that feed your local economy.

Comments: My family has visited Santa Cruz during the summer for the past five years, staying in several different homes by the beach for a week each year. During the past four years, my parents have joined us, bringing the total to four adults and three children. This year, my Brother and his family also joined us, requiring that we work with our rental agent to find two houses within a few doors of each other. With the addition of my Brother and his family, we now have six adults and five children in our group. During our week in Santa Cruz we've enjoyed the beach, the Boardwalk and walking in Capitola. We've shopped downtown and enjoyed many of the restaurants, especially Gilda's on the wharf. Something new we did this year was a sunset cruise on the Chardonnay, which was magical.

I was informed of this pending regulation by the rental agent we have worked with to find these houses and my family is shocked and saddened by this proposal. Shocked, that Santa Cruz would want to make it more difficult for our family to visit. Saddened, because it will reduce the number of rentals available for us and increase the price, two factors that will probably cause us to look elsewhere to vacation. Even if we could afford the price increase, this limitation about houses being separated by 200 feet will destroy my family's ability to vacation together as we did this past year.

If this passes, my family will probably look for a more inviting city to visit. Being from Sacramento, there are many choices for us that are roughly the same distance away, such as Lake Tahoe, Lake Shasta Lake or Mendocino.

We enjoy vacationing in Santa Cruz and would like to continue this family tradition, please do not pass this restrictive measure.

## BEACH ROSE COTTAGE

October 20, 2010

SENT VIA E-MAIL

Santa Cruz County  
Housing Advisory Commission

RE: Vacation Rental Ordinance  
Vacation Rental: 260 12<sup>th</sup> Ave. Santa Cruz CA

Dear Members of the Commission,

I am the owner of the above noted vacation rental and reside at 334 12<sup>th</sup> Ave. 6 months of the year.

I am not in favor of the ordinance as previously proposed and I applaud you for suggesting the Planning Commission return to the drawing board as a result of your most recent public hearing directing them to come up with a less restrictive proposed ordinance.

You may recall, I spoke during the 9/21/10 meeting and addressed the void in the old proposed ordinance specifically being Article D. 4." *A vacation rental shall only be used for the purpose of occupancy as a vacation rental or as a full time occupied unit*"

My vacation rental hosts 4-5 summer weekly vacation rentals. All summer vacation renters are repeat clients. If the clients were a problem (which they are not) in the summer they would not be solicited to return the next summer. The remainder of the year from September until June for the past 5 years, the same senior citizen returns for his winter stay. My winter tenant does not want to own what he terms "stuff" other than his few personal belongings. He travels for his business during the summer months so he and I have what we term a win win situation. A single senior citizen tenant is quieter than the mouse in your basement and leaves a much lighter foot print on a house than other potential tenants.

The above suggested term and condition under the old drafted ordinance D.4. eliminates what I will term "hybrid" rental situations. My senior citizen tenant will no longer be able to reside in the house he has come to call home for the past 5 years. I will be forced to have the house become a 12 month vacation rental should this situation note be properly remedied. This senior citizen will be eliminated from being able to rent based upon the Planning departments old proposed term and condition. The long term rental stock of Santa Cruz County will be forced to be reduced by one.

## BEACH ROSE COTTAGE

I strongly suggest the reference to "*A vacation rental shall only be used for the purpose of occupancy as a vacation rental or as a full time occupied unit*" be re-worked to allow situations as I have shared with you concerning the "hybrid" renter.

I understand there may some concern by the Planning Department on this matter as it relates to college students. I believe the Planning Department rational for the proposed term and condition as quoted above, is that students will not be able to afford the summer weekly rates therefore eliminating the "hybrid" rental unit and a vacation rental unit. This proposed wording making a rental unit either black or white (vacation rental or full time occupied) is **punitive and discriminatory**. "Hybrid" rental situations are not strictly related to students even though that may be the predominate situation in Santa Cruz county. Just think this senior citizen who rents in the off season may be your parent, child or relative.

Thank you for your time and your proposed inclusion of the "hybrid" rental scenario.

Regards,

Brendan M. Finn

**Subject:** Short term rental data

Supervisor Leopold states that vacation homes are changing the character of their neighborhoods and that there is an "invasion" of vacation homes. Really? Besides the fact that there have been vacation homes for over 100 years specifically developed for this purpose lets look at some facts

Over the past 2 years about 70% of ALL home sales between the Harbor and 41st (beach side) are SECOND HOMES. These neighborhoods remain primarily second home areas. Data from MLS past two years and mailing addresses.

Original data from about 10 years ago from BOS showed about 500 homes in the County were vacation rental. This was taken from the BOS meeting in 2002.

Data from BOS shows that there are now 570. Data from planning department

**OVER 10 YEARS THE RATE OF VACATION HOMES HAS INCREASED ABOUT 1.5% PER YEAR**

Here are two streets, 12th and 14th, that are among his district where the Supervisor says the "problem" has gotten out of hand.

First, a letter from the block captain from 12<sup>th</sup> Ave:

Dear Supervisor,

I am the 12th Ave. Neighborhood watch captain and have volunteered for this position since the advent in November 2007 which followed a meeting chaired by the previous First District Supervisor.

I perceive as part of my responsibility to the neighbors is to get to know the neighbors. I recently had the opportunity to take an inventory of the housing on the street to assist in keeping my e-mail alerting system data base current and accurate.

I also have now had the opportunity to listen to the radio broadcast of last Saturday attended by you Supervisor Leopold.

Supervisor Leopold you made a very strong and inaccurate statement regarding 12th Ave. to which I must respond. Your comment was "over one half of the dwellings on 12th Ave. are vacation rentals". THIS IS NOT CORRECT INFORMATION!!!

Total dwellings on 12th Ave. 53

Owner Occupied full time 11

Rental units in excess of 30 days 12

Vacation Homes not rented/vacant 18

10/25/2010

Vacation Rentals 12

I find it most important to speak with the facts especially as our representative.

Supervisor says 12th is over 50% vacation rental.

66% of homes on 12th are SECOND homes. The MAJORITY of homeowners on 12th do not live there full time. This is consistent with the rest of the area and consistent with the 100 year history of the area. ONLY 20% of the homes on 12th are currently used as short term rentals. FAR from the 50% quoted by the Supervisor

How about 14th Ave, also at "ground zero".

Data on 14th Ave. (South of East Cliff Drive)

**22/34 homes are second homes: 64% are second homes**

2/34 are vacation homes: 6%

**LESS THAN 10% are vacation homes**

Sales data past 10 years (from MLS and mailing address data):

12 homes have sold

8 are second homes (2/3) (2 homes WERE primary residences are now SECOND HOMES)

1 new vacation rental (which was a second home for over 30 years)

FACTS:

14th AVE is MAJORITY SECOND HOMES

IN THE PAST 10 YEARS ONLY ONE NEW VACATION HOME

PRIOR TO BEING A VACATION HOME THIS HOME WAS A SECOND HOME FOR 30 YEARS

OVER THE PAST 10 YEARS 2 PRIMARY RESIDENCES (AT LEAST ONE WITH CHILDREN) WERE CONVERTED TO **SECOND** HOMES

**ONLY 6% of 14th AVE IS VACATION HOMES**

**October 6, 2010**

**TO: HOUSING ADVISORY COMMISSION**

**FR: BUD CARNEY**

**RE: PROPOSED RECOMMENDED CHANGES FOR DISCUSSION**

**DRAFT PROPOSED VACATION RENTAL ORDINANCE**

**13.10.326 Vacation Rentals.**

The use of residentially zoned property as a vacation rental shall comply with the following standards:

A. Purpose. The purpose of this section is to establish regulations applicable to structures on residentially zoned parcels that are rented as vacation rentals for periods of less than thirty days at a time. These regulations are in addition to all other provisions of this Title. In the adoption of these standards the Board of Supervisors find that residential vacation rentals have the potential to diminish the stock of housing available to long-term residential households and to be incompatible with surrounding residential uses, especially when multiple vacation rentals are concentrated in the same area, thereby having the potential for a deleterious effect on the adjacent full time residents. Special regulation of these uses is necessary to preserve the housing stock and to ensure that they will be compatible with surrounding residential uses and will not harm or alter the neighborhoods in which they are located.

B. Permit requirements. VACATION RENTAL Administrative Use Permit and Transient Occupancy Tax Registration for each residential vacation rental.

C. Location.

1. Except as set forth in (2) below, and in 13.10.327, in all residential zone districts, no new vacation rental shall be located within 200 feet of a parcel on which any other vacation rental is located. This location standard may be modified by an exception if approved by Zoning Administrator.

*[Exception criteria and standards to be developed]BY WHOM AND WHEN????*

2. For the purposes of this ordinance, Special Consideration Areas are defined as follows: Pajaro Dunes; the portion of Oceanview Drive along the ocean in La Selva; and on Beach Drive, Rio del Mar Boulevard between Aptos Beach Drive and Cliff Court, and Las Olas Drive in Aptos. In these areas there are no limits on location and the minimum separation given in section C 1. does not apply.

D. Vacation rental tenancy.

1. One tenancy per year of 30 days or less is exempt from the requirements of this section.
2. This section does not apply to house trades where there is no monetary compensation.
3. Except as described in 1 and 2, above, and 5, below, rental of a residence shall not exceed one individual tenancy within seven consecutive calendar days. Each individual tenancy may consist of from one to seven days. No additional occupancy (with the exception of the property owner) shall occur within that seven-day period.
4. A vacation rental shall only be used for the purposes of occupancy as a vacation rental or as a full time occupied unit.
5. In the Special Consideration Areas, there are no limits on tenancy or minimum number of days per tenancy.

E. Number of people allowed. The maximum number of tenants allowed in an individual residential vacation rental shall not exceed two people per bedroom plus two additional people, except for celebrations and large gatherings not exceeding 12 hours in duration, during which time the total number of people allowed is twice the allowed number of tenants. Children under 12 are not counted toward the maximums. (Maybe this should be decided by the Zoning Administrator at the time of the public hearing)

F. Signs. A sign identifying the structure as a permitted vacation rental and listing a 24 hour local contact responsible for responding to complaints and providing general information shall be placed in a front or other window facing a public street or may be affixed to the exterior of the front of the structure facing a public street. If the structure is more than 20 feet back from the street, the sign shall be affixed to a fence or post or other support at the front property line. The sign may be of any shape, but may not exceed 246 144 square inches. The view of the sign from the public street shall be unobstructed and the sign shall be maintained with legible information.

G. On-site parking required. Except for pre-existing, non-conforming vacation rentals existing as of the date of the adoption of this ordinance by the Board of Supervisors, which are issued a valid Administrative Use Permit (see section 13.10.327), all parking associated with a Residential Vacation Rental shall be entirely onsite, in the garage, driveway or other on-site parking spaces and all tenants using the vacation rental shall not use on-street parking. All vacation rentals shall provide the minimum on-site parking required at the time the structure was permitted.

H. Noise. All residential vacation rentals shall comply with the standards of Chapter 8.30 of the County Code (Noise) and a copy of that chapter shall be posted in an open and conspicuous place in the unit and shall be readily visible to all tenants and guests. No vacation rental is to involve on-site use of equipment requiring more than standard household electrical current at 110 or 220 volts or that produces noise, dust, odor or vibration detrimental to occupants of adjoining dwellings.

I. Local contact person. All vacation rentals shall designate a property manager within

a 25-mile radius of the particular vacation rental, or one who resides within Santa Cruz County. The local property manager shall be available 24 hours a day to respond to tenant and neighborhood questions or concerns. Where a property owner lives within the County the property owner may designate himself or herself as the local contact person. The requirements of this section apply to both owners and designated property managers.

1. The name, address and telephone number(s) of the local contact person shall be submitted to the Planning Department, the local Sheriff Substation, the main county Sheriff's Office, the local fire agency, and supplied to the property owners within a 300 500 foot radius. The name, address and telephone number(s) of the local contact person shall be permanently posted in the rental unit in a prominent location(s). Any change in the local contact person's address or telephone number shall be promptly furnished to the agencies and neighboring property owners as specified in this subsection.

2. If the local contact person is unavailable or fails to respond, and the complaining party contacts the Sheriff's Office, the Sheriff may attempt to reach the local contact person. In cases where the Sheriff is unable to reach the local contact person the penalties as set forth in Subsection P O may apply.

J. Transient Occupancy Tax. Each residential vacation rental unit shall meet the regulations and standards set forth in Chapter 4.24 of the County Code, including any required payment of transient occupancy tax for each residential vacation rental unit.

K. Operational measures. Rules about trash management (e.g., trash to be stored in covered containers only), number of tenants, illegal behavior and disturbances shall be listed in the Rental Agreement and shall be posted inside the vacation rental in an open and conspicuous place readily visible to all tenants and guests.

L. Advertising. No vacation rental shall be advertised in any manner as a venue for weddings, receptions, corporate meetings, retreats, or similar functions.

M. Effect on pre-existing, non-conforming residential vacation rentals. See Section 13.10.327.

N. The manager shall maintain a log of rentals to demonstrate compliance with tenancy regulations and shall make the logs available for inspection by the Sheriff and the Planning Department.

O. Violation. It is unlawful for any person to use or allow the use of property in violation of the provisions of this section. The penalties for violation of this section are set forth in Chapter 19.01 of this Title (Enforcement). If more than two documented, significant violations occur within any 12-month period the Administrative Use Permit may be reviewed for possible non-renewal, amendment, or revocation; this may occur before expiration of the subject Administrative Use Permit. Documented, significant violations include, but are not limited to: copies of citations, written warnings, or other documentation filed by law enforcement; copies of Homeowner Association warnings,

reprimands, or other Association actions; written or photographic evidence collected by members of the public or County staff; and documented unavailability of the local contact three or more times within a six month period.

**13.10.327 Pre-existing, non-conforming vacation rentals**

Notwithstanding any other provisions of this Code to the contrary, including but not limited to Section 13.10.10.260 entitled "Nonconforming uses-Provisions that apply to all uses" and Section 13.10.261 entitled "Residential Nonconforming uses" this section shall apply to existing vacation rentals.

A. The purpose of this section is to provide a process to identify and register those vacation rentals as nonconforming uses which have been in lawful use prior to the adoption of this ordinance by the Board of Supervisors and to allow them to continue subject to obtaining an Administrative Use Permit as provided by this section.

B. The owner, operator or proprietor of any vacation rental that is operating on the effective date of this ordinance, which is upon certification of this ordinance by the Coastal Commission, shall within 180 days after the effective date obtain an VACATION RENTAL Administrative Use Permit for vacation rentals.

C. No Administrative Use Permit shall be issued by the ~~Planning Director~~ ZONING ADMINISTRATOR unless the use as a vacation rental is a legal use under the Zoning Ordinance, and the applicant provides a sworn affidavit and demonstrates to the satisfaction of the ~~Planning Director~~ ZONING ADMINISTRATOR that a dwelling unit was being used as a vacation rental on an on-going basis prior to the adoption of this ordinance by the Board of Supervisors and was in compliance with all State and County land use and planning laws. The ~~Planning Director~~ ZONING ADMINISTRATOR, in making the decision, shall take into consideration, among other things, the following guidelines:

1. The applicant paid County of Santa Cruz Transient Occupancy Tax on the lawful operation of the vacation rental; or
2. That applicant had transient guests occupy the subject property in exchange for compensation prior to the adoption of this ordinance by the Board of Supervisors; and
3. Reliable information, including but not limited to, records of occupancy and tax documents, reservation lists, and receipts showing payment is provided.
4. For those who provide adequate documentation, but have not registered and paid Transient Occupancy Tax, proof of retroactive payment of the amount due to the County for the three prior years shall be submitted.

D. No notice is required as part of the processing of an initial Administrative Use Permit for pre-existing, non-conforming vacation rentals. Renewals shall be subject to public notice.

E. Failure to apply for an Administrative Use Permit within 180 days of the effective date of this Ordinance shall mean that the alleged nonconforming use is not a bona fide

nonconforming use, and it shall be treated as an unlawful use, unless the applicant demonstrates that the alleged vacation rental use meets the all of the criteria under Section 13.10.326.

F. Administrative Use Permits in the Special Consideration Areas shall be renewed every five years. In all other areas, the Administrative Use Permit shall be renewed every two years. During the renewal application process, the Planning Director shall take into consideration compliance with the permit conditions, as well as public complaints related to the loss of quiet enjoyment, record of unlawful activities, as well as non-compliance with all State and County land use or planning laws.

**13.10.328 New vacation rentals**

A. All new vacation rentals shall be subject to the requirements set forth in Section 13.10.326 and shall obtain an Administrative Use Permit THROUGH THE PUBLIC HEARING PROCESS, WITH NOTICE TO PROPERTY OWNERS, AND RESIDENTS WITHIN 500 FEET. Every application for an Administrative Use Permit for a new vacation rental shall include the following.

1. Completed application form
2. Non-refundable application fee as established by the Board of Supervisors, but no greater than necessary to defer the cost incurred by the County in administering the provisions of this Chapter
3. Plans drawn to scale showing the following:
  - a. Plot plan showing property lines, all existing buildings, and dimensioned parking spaces
  - b. Floor plan showing all rooms with each room labeled as to room type
  - c. Copy of a blank rental/lease agreement with the conditions of approval of the use permit listed in the agreement (i.e., occupancy limits, parking, trash, etc, pursuant to Section 13.10.326.
4. Copy of a County of Santa Cruz Transient Occupancy Registration Certificate for the purpose of the lawful operation of a vacation rental.

B. Notice of the application shall be sent to all owners and residents of properties within 300 500 feet of the exterior boundaries of the parcel on which the new vacation rental is proposed.

~~C. No public hearing shall be required unless a) an exception to the standards for new vacation rentals is requested, in which case the application shall be scheduled for public hearing at the Zoning Administrator, or b) if the Planning Director determines that a public hearing is required based on public responses to the application or for other good cause, in which case the application shall be scheduled for public hearing at the Zoning Administrator or the Planning Commission, at the discretion of the Planning Director.~~

D. Exceptions to the requirements for new vacation rentals shall be requested in writing as part of the application, shall be limited to exceptions to the location and parking standards, and shall be heard by the Zoning Administrator at a noticed public hearing.

*[Exception criteria and standards to be developed]BY WHOM, AND WHEN*

E. VACATION RENTAL Administrative Use Permits for new vacation rentals in the Special Consideration Areas shall be renewed every five years. In all other areas, the VACATION RENTAL Administrative Use Permit shall be renewed every two years. During the renewal application process, the Planning Director shall take into consideration public complaints related to the loss of quiet enjoyment, record of unlawful activities, as well as non-compliance with all State and County land use or planning laws.

F. Action on an Administrative Use Permit for a new vacation rental may be appealed according to the procedures set forth in Section 18.10.310 et seq.

**“V” definitions.**

Vacation Rental: One (1) or more ownership dwelling units, rented for the purpose of overnight lodging for a period of not more than thirty (30) days other than ongoing month-to-month tenancy granted to the same renter for the same unit. Accessory structures, second units, and legally restricted affordable housing units shall not be used as vacation rentals.
