**Agenda Date:** March 26, 2008  
**APN:** 101-211-01 & 101-221-01  
**Application:** 07-0549  
**Item 25**

**Subject: A public hearing to consider a proposal to rezone two lots of record from the Agriculture (A) zone district to the Timber Production (TP) zone district.**

Members of the Commission:

On September 18, 2007 the County Planning Department accepted this application for rezoning two parcels totaling about 30.5 acres from the Agriculture (A) zone district to Timber Production.

The property owner, Christopher G. Anderton, also own approximately 55.3 acres Timber Production zoned parcel, APN 101-221-02, which is contiguous with the subject property. The uses on the property consist of vacant rural acreage.

This project qualifies for a rezoning under California Government Code Section 51113.5 "Petition by owner to add to timberland production zone." This section allows a property owner with TP-zoned land to petition the County to rezone contiguous land not zoned TP to the TP zone. The only requirements for this type of rezoning are that the parcels must meet the definitions of Government Code Section 51104(f), (g) and (h)<sup>1</sup>. The County may not place any additional requirements on this petition to rezone the property to TP.

---

<sup>1</sup> Government Code Section 51104

(f) "Timberland" means privately owned land, or land acquired for state forest purposes, which devoted to and used for growing and harvesting timber, or for growing and harvesting timber, or for growing and harvesting timber and compatible uses, and which is capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre.

(g) "Timberland production zone" or "TPZ" means an area which has been zoned pursuant to Section 51112 and 51113 and is devoted to and used for growing and harvesting timber, or for growing and harvesting timber and compatible uses, as defined in subdivision (h).

(h) "Compatible use" is any use which does not significantly detract from the use of the property for, or inhibit, growing and harvesting timber, and shall include, but not be limited to, any of the following, unless in a specific instance such a use would be contrary to the preceding definition of compatible use:

- (1) Management for watershed.
- (2) Management for fish and wildlife habitat or hunting and fishing.
- (3) A use integrally related to the growing, harvesting and processing of forest products, including but not limited to roads, log landings, and log storage areas.
- (4) The erection, construction, alteration, or maintenance of gas, electric, water, or communication transmission facilities.
- (5) Grazing.
- (6) A residence or other structure necessary for the management of land zoned as timberland production.

In accordance with Section 51113.5 of the State Government Code, the project meets the following criteria for rezoning to Timber Production:

- The property is contiguous with Timber Production zoned property under the ownership of one person, as defined in Section 38106 of the Revenue and Taxation Code (Exhibit C).
- The property is timberland, as it is capable of producing an average of 15 cubic feet of timber per acre annually (Exhibit E).
- The uses on the parcels comply with the Timber Production Zone uses set forth in Section 13.10.372.

This project qualifies for a statutory exemption in accordance with the California Environmental Quality Act and the County Environmental Review Guidelines (Article 17, Section 1703).

### **Conclusion**

All of the criteria have been met for rezoning the subject parcels to the Timber Production zoning designation. All required findings can be made to approve this application pursuant to California State Government Code Section 51113.5.

### **Recommendation**

It is recommended that the Commission adopt Resolution (Exhibit A), sending a recommendation to the Board of Supervisors for approval of Application 07-0549, to adopt the Ordinance rezoning the property to the TP zone district.
