**SUBJECT: REQUEST FOR CONTINUANCE
PERMIT REVIEW FOR GRANITEROCK'S WILDER SAND PLANT**

Members of the Commission:

The item scheduled before your Commission is a Permit Review for compliance with conditions of Certificate of Compliance and Reclamation Plan Approval 92-0331 for the Graniterock Wilder Sand Plant. Some of the issues in this Permit Review remain unresolved and require Graniterock to submit revised plans and additional information. The original **staff** recommendation to your Commission included a **timeline** for submittal of the revised plans. Subsequent to the published agenda and the mailed public notices Planning Department **staff** determined that your Commission and the public would be better served if revised plans were submitted prior to the public hearing. It is anticipated that revised plans will be submitted in time to reschedule the public hearing for your Commission's October 13, 2004 agenda with confirmation of **this** timing by September 8, 2004.

As a courtesy, the Planning Department has mailed out an updated notice to all recipients of the original Notice of Public Hearing notifying them of this request to reschedule. A new Notice of Public Hearing will be mailed when the new hearing date is **set**.

Sincerely,
