**TOM BURNS, PLANNING DIRECTOR**

August 6, 2008

Planning Commission  
County of Santa Cruz  
701 Ocean Street  
Santa Cruz, CA 95060

**Agenda Date:** October 8, 2008

**APN:** 107-061-01

**Application:** 08-0005

**Item #:** 9

**Time:** After 9 AM

**Subject:** A public hearing to consider a proposal to rezone one lot of record from the Special Use (SU) zone district to the Timber Production (TP) zone district.

Members of the Commission:

On January 3, 2008, the County Planning Department accepted this application for rezoning one parcel totaling about 13.7 acres from the Special Use (SU) zone district to Timber Production.

The property owners, California Polytechnic State University Foundation, also own a 56.2 acre Timber Production zoned parcel, APN 105-221-01, which is contiguous with the subject property. The uses on the properties consist of vacant rural acreage.

This project qualifies for a rezoning under California Government Code Section 51113.5 "Petition by owner to add to timberland production zone." This section allows a property owner with TP-zoned land to petition the County to rezone contiguous land not zoned TP to the TP zone. The only requirements for this type of rezoning are that the parcels must meet the definitions of Government Code Section 51104(f), (g) and (h)<sup>1</sup>. The County may not place any additional requirements on this petition to rezone the property to TP.

---

<sup>1</sup> Government Code Section 51104

(f) "Timberland" means privately owned land, or land acquired for state forest purposes, which devoted to and used for growing and harvesting timber, or for growing and harvesting timber, or for growing and harvesting timber and compatible uses, and which is capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre.

(g) "Timberland production zone" or "TPZ" means an area which has been zoned pursuant to Section 51112 and 51113 and is devoted to and used for growing and harvesting timber, or for growing and harvesting timber and compatible uses, as defined in subdivision (h).

(h) "Compatible use" is any use which does not significantly detract from the use of the property for, or inhibit, growing and harvesting timber, and shall include, but not be limited to, any of the following, unless in a specific instance such a use would be contrary to the preceding definition of compatible use:

(1) Management for watershed.

(2) Management for fish and wildlife habitat or hunting and fishing.

(3) A use integrally related to the growing, harvesting and processing of forest products, including but not limited to roads, log landings, and log storage areas.

(4) The erection, construction, alteration, or maintenance of gas, electric, water, or communication transmission facilities.

(5) Grazing.

(6) A residence or other structure necessary for the management of land zoned as timberland production.

In accordance with Section 51113.5 of the State Government Code, the project meets the following criteria for rezoning to Timber Production:

- The property is contiguous with Timber Production zoned property under the ownership of one person, as defined in Section 38106 of the Revenue and Taxation Code (Exhibit C).
- The property is timberland, as it is capable of producing an average of 15 cubic feet of timber per acre annually (Exhibit E).
- The uses on the parcels comply with the Timber Production Zone uses set forth in Section 13.10.372.

This project qualifies for a statutory exemption in accordance with the California Environmental Quality Act and the County Environmental Review Guidelines (Article 17, Section 1703).

### **Conclusion**

All of the criteria have been met for rezoning the subject parcel to the Timber Production zoning designation. All required findings can be made to approve this application pursuant to California State Government Code Section 51113.5.

### **Recommendation**

It is recommended that the Commission adopt Resolution (Exhibit A), sending a recommendation to the Board of Supervisors for approval of Application 08-0005, to adopt the Ordinance rezoning the property to the TP zone district.

BEFORE THE PLANNING COMMISSION  
OF THE COUNTY OF SANTA CRUZ, STATE OF CALIFORNIA

RESOLUTION NO. \_\_\_\_\_

On the motion of Commissioner  
duly seconded by Commissioner  
the following Resolution is adopted:

PLANNING COMMISSION RESOLUTION  
SENDING RECOMMENDATION TO THE BOARD OF SUPERVISORS  
ON PROPOSED AMENDMENT TO THE ZONING ORDINANCE

WHEREAS, the Planning Commission has held a public hearing on Application No.08-0005 involving property located approximately 1,000 feet southwest of the end of Rider Road of Berry Creek Road (no road access) approximately 1500 feet southeast of the intersection of Berry Creek Road and Big Creek Road, and the Planning Commission has considered the proposed rezoning, all testimony and evidence received at the public hearing, and the attached staff report.

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission recommends that the Board of Supervisors adopt the attached ordinance amending the Zoning Ordinance by changing properties from the Residential Agriculture (RA) district to the Timber Production zone district.

BE IT FURTHER RESOLVED, that the Planning Commission makes findings on the proposed rezoning as contained in the Report to the Planning Commission.

PASSED AND ADOPTED by the Planning Commission of the County of Santa Cruz, State of California, this \_\_\_\_\_ day of \_\_\_\_\_, 2008, by the following vote:

AYES: COMMISSIONERS  
NOES: COMMISSIONERS  
ABSENT: COMMISSIONERS  
ABSTAIN: COMMISSIONERS

## CALIFORNIA ENVIRONMENTAL QUALITY ACT NOTICE OF EXEMPTION

The Santa Cruz County Planning Department has reviewed the project described below and has determined that it is exempt from the provisions of CEQA as specified in Sections 15061 - 15332 of CEQA for the reason(s) which have been specified in this document.

Application Number: 08-0005

Assessor Parcel Number: 107-061-01

Project Location: Property located about 1,000 feet southwest of the end of Rider Road.

**Project Description: Rezone a one parcel from the Special Use (SU) zone district to the Timber Production (TP) zone district.**

**Person or Agency Proposing Project: Joseph Culver**

**Contact Phone Number: (831) 359-5989**

- A. ☐ The proposed activity is not a project under CEQA Guidelines Section 15378.
- B. ☐ The proposed activity is not subject to CEQA as specified under CEQA Guidelines Section 15060 (c).
- C. ☐ **Ministerial Project** involving only the use of fixed standards or objective measurements without personal judgment.
- D. ☒ **Statutory Exemption** other than a Ministerial Project (CEQA Guidelines Section 15260 to 15285). [Section 1703]

In addition, none of the conditions described in Section 15300.2 apply to this project.

December 31, 2007

RE: Rezoning APN # 107-061-01 to Timber Production  
Adjacent to TPZ Property Under Same Ownership

To Santa Cruz County Planning Department:

In December 2007, Joseph Culver, Consulting Forester was commissioned by the California Polytechnic State University Foundation to facilitate the rezoning of APN# 107-061-01 to Timber Production. The county assessor lists the parcel as 13.7 acres in size. The parcel is adjacent to APN #105-221-01, a 56.2 acre parcel zoned Timber Production which is also owned by the California Polytechnic State University Foundation.

An existing inventory conducted on the property in 2002 indicates that the parcel proposed for rezoning is part of a larger forest stand totaling 226 acres. This stand has an average conifer volume of 34,800 board feet per acre. Average basal area in the stand is 174 square feet per acre and the growth rate is 53 cubic feet per acre per year.

**TIMBER STOCKING:** To rezone a property to the "Timber Production" zoning a property must meet the timber stocking standards set forth in Section 4561 of the Public Resources Code. Section 4561 states in part that "The average residual basal area, measured in stems one inch or larger in diameter.....in areas which the registered professional forester has determined are site II classification or lower, the minimum average residual basal area shall be 50 square feet per acre. Rock outcroppings and other areas not normally bearing timber shall not be considered as requiring stocking." The average residual basal area in the timbered portions of the property is 174 square feet and therefore meets the stocking standards.

**TIMBERLAND:** To rezone a property to the "Timber Production" zoning a property must meet the definition of timberland. Section 51104 of the California Code states that "Timberland means privately owned land.....capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre." The property proposed for rezoning is capable of growing an annual average volume of wood fiber of 53 cubic feet per acre and therefore meets the definition of timberland.

**COMPATIBLE USE:** Current property use of the parcels include watershed, wildlife habitat and timber management. Existing infrastructure on the parcels does not significantly detract from the use of the property for, or inhibit, growing and harvesting timber.

**Joseph Culver**

*Consulting Forester*

The property is well suited for timber management into the future. The property was selectively harvested approximately 30 years ago and the forest resource is currently healthy and experiencing a growth rate consistent with managed forests. The owners have indicated that they want to continue to manage the timber resource and stand conditions warrant another harvest in the near future. The property meets required state stocking levels, qualifies as "Timberland," and the current use is compatible with the Timber Production zoning.

Joseph Culver
